INTRODUCTION

Welcome to the Ventura County Health Care Plan (VCHCP or the Plan, sometimes referred to as “we” or “us”), operated by the County of Ventura. As a Member (sometimes referred to as “you”) who has elected to enroll with us, this *Combined Evidence of Coverage & Disclosure Form (EOC)* discloses the terms and conditions of your health care coverage. It is important to become familiar with your coverage by reading this *EOC* completely, so that you can take full advantage of your health plan benefits. If you have special needs, you should read carefully those sections that apply to you. Some words used in this booklet are explained in the Definitions section. When reading through this booklet, check that the Definitions section to be sure you understand what these words mean. Each time defined words are used they are capitalized.

When you join VCHCP, you and your eligible family members are enrolling in a region based health plan, called your Service Area. The Service Area, in this *EOC*, is defined as the geographical area in which the Plan’s In-Network Providers provide covered services to Members. Ventura County is the geographical area that has been approved by the California Department of Managed Health Care (DMHC). The coverage information in this *EOC* applies when you obtain care in your Service Area with In-Network Providers as listed in the *Provider Directory*. You must receive all covered services from In-Network Providers in the Service Area unless otherwise Authorized by the Plan. With the exception of Emergency Services and Out of Area Urgent Care, services are not covered and you may be required to pay the full cost of services obtained when outside the Service Area or with Out-of-Network Providers.

This *EOC* describes our Large Group Commercial Benefit Plan health care coverage provided under the Group Agreement (Agreement) between VCHCP and your Group (County of Ventura). The Agreement is available for inspection at VCHCP and the employer’s benefits administration office. This *EOC* is for the plan or benefit year, established by your employer, and is defined by a specific start and end date in the Agreement.

It is the Plan’s goal to maintain you and your eligible family members in good health by providing Medically Necessary health care services and encouraging healthy lifestyles through the Plan’s wellness portal, health education programs and disease management programs. VCHCP requires that you select a Primary Care Physician who will oversee your health care needs. You may choose any available Primary Care Physician that is an In-Network Provider with the Plan. You can find a list of Primary Care Physicians in the *Provider Directory* or on the Plan’s website and also check to see if they are accepting new patients. At any time you may change your Primary Care Physician. Sometimes our Primary Care Physicians work with and supervise other members of a health care team by whom you may be seen, including licensed nurse practitioners, certified physician assistants, certified non-physician-surgical assistants, physicians in residency training programs, and nurses. In addition, we have contracted Specialist Physicians, ancillary providers, and hospitals for covered services. These providers are located throughout the Service Area to provide access to

Medically Necessary health care services.

VCHCP does not discriminate in employment or in the delivery of health care services on the basis of age, race, color, ancestry, religious creed, gender, sexual orientation, marital status, medical condition or physical or mental disability.

To receive additional information about the benefits of the Plan, visit our website at www.vchealthcareplan.org, or call VCHCP at (805) 981-5050, or toll-free at (800) 600-8247.

Member Services representatives, bilingual in English and Spanish, are available from 8:30 a.m. to 4:30 p.m. Pacific Time on regular County of Ventura business days. You may also contact VCHCP by sending written correspondence to Ventura County Health Care Plan, 2220 E. Gonzales Road, Suite 210-B, Oxnard, CA 93036.

For Language Assistance services, call VCHCP at (805) 981-5050 or toll free at (800) 600-8247. TDD/TTY is available for the hearing impaired at (800) 735-2929 to communicate in English or (800) 855-3000 to communicate in Spanish.

Standards for Members' Rights and Responsibilities

Ventura County Health Care Plan is committed to maintaining a mutually respectful relationship with its Members that promotes effective health care. Standards for Members Rights and Responsibilities are as follows:

1. Members have a right to receive information about VCHCP, its services, its Practitioners and Providers, and Members' Rights and Responsibilities.
2. Members have a right to be treated with respect and recognition of their dignity and right to privacy.
3. Members have a right to participate with Practitioners and Providers in decision making regarding their health care.
4. Members have a right to a candid discussion of treatment alternatives with their Practitioner and Provider regardless of the cost or benefit coverage of the Ventura County Health Care Plan.
5. Members have a right to make recommendations regarding VCHCP's Member Rights and responsibility policy.
6. Members have a right to voice complaints or appeals about VCHCP or the care provided.
7. Members have a responsibility to provide, to the extent possible, information that VCHCP and its Practitioners and Providers need in order to care for them.
8. Members have a responsibility to follow the plans and instructions for care that they have agreed upon with their Practitioners and Providers.
9. Members have a responsibility to understand their health problems and participate in developing mutually agreed-upon treatment goals, to the degree possible.

- ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATES

Language and Communication Assistance: Good communication with VCHCP and with your providers is important. If English is not your first language, VCHCP provides interpretation services and translations of certain written materials.

- To ask for language services call VCHCP at (805) 981-5050 or (800) 600-8247.
- If you are deaf, hard of hearing or have a speech impairment, you may also receive language assistance services by calling TDD/TTY at (800) 735-2929.
- If you have a preferred language, please notify us of your personal language needs by calling VCHCP at (805) 981-5050 or (800) 600-8247.

You may enroll yourself and your eligible Dependents in VCHCP, if you are in a Group that has an Agreement with VCHCP, and if you have not been previously terminated from VCHCP. At the time of enrollment, or any time thereafter, the Plan may request that you provide proof of a dependent relationship, such as a copy of a marriage certificate, proof of Residence, a birth certificate, court papers, proof of Domestic Partner status, etc. Such proof may not be required if you have already provided proof with a previous VCHCP enrollment. The Plan applies the same terms and conditions to Domestic Partners as are applied to spouses. To enroll and to continue enrollment, you must meet all of the eligibility requirements in this section.

Group Eligibility Requirements: You must meet your Group's eligibility requirements, as approved by VCHCP. Your Group is required to inform its employees of its eligibility requirements, such as the minimum number of hours that an employee must work to be eligible for coverage.

Service Area Eligibility Requirements: The Subscriber must live or work in our Service Area to be eligible for enrollment. The Service Area for VCHCP is Ventura County. The Definition Section further describes our Service Area. You must receive Covered Services from Plan Providers inside our Service Area, except for Emergency Care, Urgent Care, and Post-stabilization care received from non-Plan Providers when authorized by the Plan.

Eligible Dependents: Eligible Dependents must Reside with you, the Subscriber, except as otherwise required by law or court order. Dependents may include your spouse, or Domestic Partner (as discussed below), and any dependent children under 26 years of age. A Dependent child includes your child, your stepchild, child of your Domestic Partner (as discussed below), or child adopted, placed for adoption or under your legal custody or the legal custody of your spouse. Dependent children over the age of 18 are not required to live with you. Please see further qualifying criteria below.

Timely Dependent Enrollment: Any child born to you will be covered from the newborn's date of birth, if you notify the Group by submitting a Health Plan Enrollment Form within thirty-one (31) days of birth. A newly adopted child or a child newly placed for adoption or under your legal custody will be covered from the date of adoption, placement or legal custody, if you notify the Group by submitting a completed Health Plan Enrollment Form within thirty-one (31) days of adoption or placement or legal custody. A spouse and a spouse's child(ren) will be covered from the date of marriage, if you notify the Group by submitting a completed Health Plan Enrollment Form

within thirty-one (31) days of marriage. If your eligible Dependent lost other coverage, your eligible Dependent will be covered from the day after the other coverage ended, if you notify the Group by submitting a completed Health Plan Enrollment Form within thirty-one (31) days of the loss of coverage. This thirty-one (31) day period is called your “special enrollment period”.

Dependent Children and Adult Children:

All eligible children must be under the limiting age of 26. The following categories are eligible:

- your natural or legally adopted children;
- your spouse’s natural or legally adopted children (your stepchildren);
- your eligible domestic partner’s natural or legally adopted children;
- children for whom you are the legal guardian if living with you, dependent on you for at least 50% of their support and are your dependents for income tax purposes;
- children for whom you are legally required to provide group health insurance pursuant to an administrative or court order. (Child must also meet VCHCP eligibility requirements.)

Adult Children Incapable of Self Support: Any child described above who is incapable of self-support due to a physical or mental disability may continue to be covered past age 26 provided: - the plan-certified disability began before age 26, the child was enrolled in a County Sponsored Plan before age 26 and coverage is continuous; - the child is chiefly dependent upon you, your spouse, or your eligible domestic partner’s for support and maintenance; and - the child is claimed as your spouse, or your eligible domestic partner’s dependent for income tax purposes, or if not claimed as such dependent for income tax purposes, is eligible for Social Security Income or Supplemental Security Income as a disabled person or working in supported employment which may offset the Social Security or Supplemental Security Income.

Application for coverage beyond age 26 due to disability must be made to the Plan sixty (60) days prior to the date coverage is to end due to reaching limiting age. If application is received timely but Plan does not complete determination of the child’s continuing eligibility by the date the child reaches the Plan’s upper age limit, the child will remain covered pending the Plan’s determination. The Plan may periodically request proof of continued disability, but not more than once a year after the initial certification. Disabled children approved for continued coverage under a County-sponsored medical plan are eligible for continued coverage under any other County-sponsored medical plan; if enrollment is transferred from one plan to another, a new application for continued coverage is not required; however, the new Plan may require proof of continued disability, but not more than once a year. If you are a newly hired Employee with a disabled child over age 26 or if you newly acquire a disabled child over age 26 (through marriage or adoption), you may also apply for coverage for that child. The child’s disability must have begun prior to the child turning age 26. Additionally, the child must have had continuous group medical coverage since age 26, and you must apply for County coverage during your Period of Initial Eligibility. The Plan will ask for proof of continued disability, but not more than once a year after the initial certification.

Important Note: Health and welfare benefits and eligibility requirements, including dependent eligibility requirements are subject to change (e.g., for compliance with applicable laws and regulations). VCHCP dependent eligibility requirements may change following health care reform legislation, regulatory guidance, or other applicable laws.

Domestic Partners: Enrollment of a Domestic Partner is available to a person who has officially registered with the State of California or with any other California County or municipality domestic partner registry listed at the San Francisco Human Right Commission Internet site www.ci.sf.ca.us and meets Plan eligibility criteria. At the time of enrollment, or any time thereafter, the Plan may request a copy of your Domestic Partnership registration. Children of your Domestic Partner are eligible for enrollment under the same rules that apply to stepchildren.

Change in Dependent Status: It is the Subscriber's and Dependent's responsibility to promptly advise the Plan of any change in a Dependent's status or circumstances affecting eligibility, including, without limitation, the Dependent's living outside of the Service Area. VCHCP may, at any time, request written verification of the status and continued eligibility of any dependent. The Subscriber and the Dependent are responsible for cooperating with any such request and must provide reasonable authorizations or releases as may be requested by VCHCP for purposes of verifying information from third parties. Failure to provide appropriate proof of continued eligibility shall be grounds for a determination of ineligibility. VCHCP has the right to approve benefits based on expressed or implied (failure to notify us otherwise) representations of continued eligibility, but to subsequently deny Coverage and payment if it is later determined that the Dependent was in fact ineligible. In the event of such denial of Coverage, the Subscriber/Dependent shall be responsible for paying for all covered Services rendered subsequent to the effective date the Dependent became ineligible, including reimbursing VCHCP for payments made for such services.

Effective Date of Coverage: Your Coverage begins on the first day of the pay period after your enrollment forms are processed, received by VCHCP, and the first payroll deduction is taken. If you add Dependents during a special enrollment period (for example, within thirty-one (31) days of birth, marriage or adoption), your Dependent's benefits will become effective on the date of the birth, marriage or adoption. If the Group accepts your late request for Dependent enrollment, your Dependent's benefits will become effective on the first day of the pay period after your enrollment change forms are processed and received by the Plan.

Renewal Provisions: The Agreement between the Group and VCHCP may be renewed for additional periods of twelve (12) calendar months or equivalent employee pay periods. VCHCP reserves the right to change the Premium or other terms of the Agreement upon renewal or with forty-five (45) days of written notification to you. If the Agreement is renewed, your renewal is automatic as long as you maintain your eligibility with VCHCP. You are required to update your enrollment information for yourself and your dependents as changes occur or at least annually.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

- HOW TO OBTAIN CARE

Choice of Physicians and Providers: When your coverage becomes effective, VCHCP will ask you to select a Primary Care Physician (PCP) or medical group listed in the Plan's Provider Directory. You are required to contact your PCP or medical group to access coverage. Your PCP or medical group will be responsible for coordinating the provision of covered services to you and your family. They will direct your medical care, including making Referrals to Specialist Physicians, when appropriate, ordering x-ray and laboratory tests, prescribing medicines, and arranging for hospitalization. A Primary Care Physician may be a family/general practitioner, internist, pediatrician, or obstetrician/gynecologist, who has entered into, or is party to, a written contract with VCHCP to provide primary care services, and who has met VCHCP's requirements as a Primary Care Physician.

Some of our PCPs work with and supervise other members of a health care team by whom you may be seen, including licensed nurse practitioners, certified physician assistants, certified assistants, physicians in residency training programs, and nurses. Information about specific providers and provider groups is available upon request. If you fail to choose a PCP or medical group, the Plan will assign one. Your choice or assignment of a PCP may affect where you may obtain hospital services depending on the hospital with which the PCP has an affiliation or admitting privileges. Such limitations shall not apply to medical emergencies or out-of-area urgently needed services or where medically necessary services cannot be provided by the assigned hospital.

Changing Medical Groups or Primary Care Physicians: If you wish to change your PCP or medical group, you may do so by contacting the Member Services Department. Changes will take effect on the day of your request.

Member Notification When a Physician Is No Longer Available: In the event your PCP is no longer available, you will be notified and given the opportunity to select a new PCP. In the event that you do not make such a selection, VCHCP will select a new PCP for you taking into account your city of Residence. We will mail you a letter of explanation and a new Identification Card. If you would prefer another PCP, follow the steps in the above paragraph. For information on the provision of continuity of care when your PCP is no longer available, please see the section titled "Continuity of Care with a Terminated Provider" of this document.

Timely Access to Care:

Members should be offered appointments within the following time frames in accordance with regulations:

- Within 48 hours of a request for an urgent care appointment for services that do not require Authorization,
- Within 96 hours of a request for an urgent care appointment for services that do require Authorization,
- Within ten (10) business days of a request for a non-urgent primary care appointment,

- Within fifteen (15) business days of a request for an appointment with a Specialist,
- Within ten (10) business days of a request for an appointment with non-physician mental health care providers,
- Within fifteen (15) business days of a request for a non-urgent appointment for ancillary services for the diagnosis or treatment of injury, illness, or other health condition,
- Within six (6) weeks for periodic health exam.

Referrals for Health Care Services: Sometimes, you may need care that your PCP cannot provide. At such times, you will be referred to a Specialist Physician or Provider for that care. No Referrals or Authorizations are needed to access Emergency or Urgent Care needs.

The Plan has contracted with a broad range of Providers who are conveniently located to provide access to Covered Services. Your PCP must ask VCHCP for prior approval for Referrals to Covered services including certain Specialist Physicians. VCHCP requires that members are seen within the VCHCP network of contracted providers unless the service is unavailable. VCHCP further requires evaluation by a local network Specialist before referral to a Specialist in a tertiary care center unless the service is unavailable locally. The Plan processes normal requests for Covered services made by your PCP within five (5) business days and urgent requests made by your PCP or treating Provider within seventy-two (72) hours from the Plan's receipt of request. Requests are considered to be urgent when your condition is such that you face an imminent and serious threat to your health including, but not limited to, the potential loss of life, limb, or other major bodily function, or the normal time frame for the decision-making process, would be detrimental to your life or health or could jeopardize your ability to regain maximum function.

For Authorization requests received prior to or concurrent with the provision of services, the Plan faxes its written decision to your PCP within twenty-four (24) hours of making the decision. If the Plan receives a request for authorization of services after the services are provided, we will notify you of our decision within thirty (30) days of our receipt of request. If the Plan cannot process your Provider's request within the specified time frame, you will receive a written explanation of the reason for the delay and the anticipated date on which a decision may be made. Decisions that are based on medical necessity resulting in denial, delay or modification of all or part of the requested health care service are mailed to you or to your representative within two (2) business days of making the decision.

A female Member can directly seek most obstetric and gynecologic services from any In-Network provider offering those services and contracted with the Plan to provide Direct Access OB/Gyn Services. A Member may also seek maternity or gynecologic care directly from her PCP.

Standing Referral to Specialty Care: You may receive a Standing Referral to a Specialist Physician for a condition or disease that requires specialized medical care over a prolonged period of time and is life-threatening, degenerative or disabling. The Plan's Standing Referral process selects Providers who have demonstrated expertise in treating a condition or disease involving a complicated treatment regimen that requires ongoing monitoring.

You may receive a Standing Referral to a Specialist or a specialty care center if you are needing continuing care and the recommended treatment plan is determined necessary by your PCP, in consultation with the Specialist, VCHCP's Medical Director and you. The treatment plan may limit

the number of visits to the Specialist, the period of time for which the visits are authorized, or require that the Specialist provide your PCP with regular reports on the health care provided. Extended access to a Specialist is available to Members who have a life-threatening, degenerative, or disabling condition (for example, members with HIV/AIDS). To request a Standing Referral ask your PCP or Specialist. The Plan will approve or deny a referral within three (3) business days of the date of the request. Once the determination is made regarding the need for the standing referral to the Specialist, the referral must be communicated to the Specialist within four (4) business days.

You may obtain a copy of VCHCP's Standing Referral to a Specialist Policy or Direct Access to OB/GYN Services Policy and a list of contracted Direct Access Providers or Standing Referral Specialists by contacting the Plan's Member Services Department at (805) 981-5050 or toll free at (800) 600-8247, or by accessing our website at www.vchealthcareplan.org. Please see below for additional information.

Referrals for Mental Health/Substance Use Disorder Services: VCHCP has contracted with OptumHealth Behavioral Solutions of California (OHBS) to administer the "Life Strategies/OHBS" program to provide you with behavioral health services, including Mental Health and Substance Use Disorder Treatment Services as well as behavioral health treatment for PDD/Autism. Information on and Authorization of mental health and substance use disorder treatment services are available by calling the "Life Strategies/OHBS" Program at (800) 851-7407. A Life Strategies/OHBS Representative is available twenty-four (24) hours-a-day to assist in emergency mental health or substance use disorder care coordination. For non-emergency requests either you or your PCP may contact Life Strategies/OHBS for the required Authorization of benefits prior to seeking mental health care services.

Facilities and Provider Locations: You may request an updated copy of the Provider Directory at any time by contacting the Plan's Member Services Department. You may also view and print the Provider Directory from VCHCP's Web Site: www.vchealthcareplan.org. The Provider Directory lists the In-Network physicians, pharmacies, hospitals, urgent care facilities, surgery centers, laboratory draw sites, imaging centers, podiatrists, and physical therapists. PCPs are listed by city and then alphabetically by last name with information about the medical group and practice location. Specialists are listed under their specialty, city, and then alphabetically by last name as mentioned above. The Provider Directory does not list the names of hospital-based In-Network Providers, such as radiologists, emergency room physicians, anesthesiologists and pathologists. The Provider Directory also does not list the names of tertiary care referral hospitals and their contracted medical groups. You may obtain the names of In-Network mental health and substance abuse disorder practitioners and treatment facilities by calling Life Strategies/OHBS, the Plan's Behavioral Health Administrator at (800) 851-7407 and you may also obtain professional degrees, board certifications, and subspecialty qualifications of all In-Network Providers by contacting the Plan's Member Services Department.

Second Medical Opinions: The Plan has a second opinion policy, under which second opinions will be authorized for the following circumstances:

- The Member questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious chronic condition.

- The Member questions the reasonableness or necessity of recommended surgical procedures.
- If the clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition, and the Member requests an additional opinion.
- If the treatment plan in progress is not improving the medical condition of the Member within an appropriate period of time given the diagnosis and plan of care, and the Member requests a second opinion regarding the diagnosis or the continuance of the treatment.
- If the Member has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.
- Any other reasonable circumstance that is authorized by the Plan's Medical Director.

Second opinions will be rendered by an appropriately qualified health care professional. This is defined as a PCP or Specialist acting within his or her scope of practice and who possesses a clinical background, including training and expertise, as it relates to the particular illness, disease, condition or conditions associated with the request for a second opinion. The provider will be selected to render the second opinion as follows:

1. The provider chosen by the Member or by the provider who is treating the Member will be authorized if the provider meets the above definition of an appropriately qualified health care professional and if the provider is an In-Network Provider. This includes all contracted PCPs and all contracted Specialists.
2. Otherwise, the Plan will select a provider, taking into consideration the ability of the Member, to travel to the provider. The Plan will limit referrals to its In-Network Providers, if there is an In-Network Provider who meets the above definition of an appropriately qualified health care professional. In general, Specialists contracted with the Ventura County Medical Center will be preferentially selected over other contracted providers of the same specialty; a provider will be selected who is not in the same practice as the provider who rendered the first opinion unless the member agrees to being seen in the same office; and Specialists located within the Service Area will be selected in preference to Specialists located outside the Service Area. If there is no provider within the Plan's network that is qualified, the Plan will authorize a referral to a qualified Out-of-Network Provider.
3. For Plan authorized second opinions, the Member will only be responsible for the applicable copayment required for similar referrals. Referrals authorized by the Plan to Out-of-Network Providers have copayments consistent with the copays that apply to In-Network providers for the same type of service.

Second opinion providers will be advised of the requirement to provide a consultation report to the Member and to a requesting In-Network Provider who is treating the Member. Additional visits, testing and procedures required after the second opinion are to be obtained within the Service Area unless unavailable. There is no coverage for any opinion beyond the Authorized second opinion.

Please see the Member grievance procedure section for information on what to do if your request for second opinion is denied by the Plan.

For Mental Health and Substance use Disorder Treatment Services Second Opinions please contact Life Strategies/OHBS at 1-800-851-7407, or by writing at P.O. Box 2839, San Francisco, CA 94126.

The Plan's complete policy on second medical opinions may be obtained by contacting the Plan at (805) 981-5050 or toll free at (800) 600-8247, or by writing to the Plan at 2220 E. Gonzales Road, Suite 210-B, Oxnard, CA 93036.

EMERGENCY AND URGENTLY NEEDED CARE

The following definitions are important to understanding your coverage if you urgently need care or have an emergency situation.

Emergency Medical Condition is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- Placing the patient's health in serious jeopardy.
- In the case of a pregnant woman, would put the health of her unborn child in serious danger.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

A mental health condition is an Emergency Medical Condition when it meets the requirements of the paragraph above, or when the condition manifests itself by acute symptoms of sufficient severity such that either of the following is true:

- The person is an immediate danger to himself or herself or to others.
- The person is immediately unable to provide for, or use, food, shelter, or clothing, due to the mental disorder.

Emergency Services means medical screening, examination, and evaluation by a physician and surgeon, or, to the extent permitted by applicable law, by other appropriate licensed persons under the supervision of a physician and surgeon, to determine if an emergency medical condition or active labor exists and, if it does, the care, treatment, and surgery, if within the scope of that person's license, necessary to relieve or eliminate the emergency medical condition, within the capability of the facility.

Emergency Services also means an additional screening, examination, and evaluation by a physician, or other personnel to the extent permitted by applicable law and within the scope of their licensure and clinical privileges, to determine if a psychiatric emergency medical condition exists, and the care and treatment necessary to relieve or eliminate the psychiatric emergency medical condition, within the capability of the facility. Examples of emergency situations include: uncontrolled bleeding, seizure or loss of consciousness, shortness of breath, chest pain or squeezing sensations in the chest, suspected overdose of medication or poisoning, sudden paralysis or slurred speech, severe burns, broken bones or severe pain.

Urgent Care Services means prompt medical services are provided in a non-emergency situation.

Examples of urgent care conditions include sore throats, ear infections, sprains, high fevers, vomiting and urinary tract infections. Urgent situations are not considered to be Emergency Medical Conditions.

Urgently Needed Care means any Covered Service necessary to prevent serious deterioration of the health of a Member, resulting from an unforeseen illness, injury, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed until the Member is able to see his or her PCP. This includes maternity services necessary to prevent serious deterioration of the health of the Member or the Member's fetus, based on the enrollee's reasonable belief that she has a pregnancy-related condition for which treatment cannot be delayed until the enrollee is able to see her Provider.

Out-of-Area Urgent Care services shall be a covered benefit while the member or eligible dependents are outside the Service Area. Out-of-Area Urgent Care services are covered if:

- (a) You are temporarily outside the Plan's Service Area, and
- (b) The services are necessary to prevent serious deterioration of your health, or your fetus, and
- (c) Treatment cannot be delayed until you return to the Plan's Service Area.

Ventura County Health Care Plan Members have a responsibility to follow the plan of care and instructions that they have agreed upon with their Providers.

While members or eligible dependents are inside the Service Area, Urgently Needed Care will only be covered at In-Network facilities. Use of Out-of-Network Urgent Care facilities inside the service area is not covered.

What to Do When You Require Emergency or Urgently Needed Services Inside or Outside of the Service Area: If you reasonably believe that an Emergency Medical Condition exists, go to the nearest hospital emergency room, or call 911. You may call your Primary Care Physician, during or after regular office hours, if you are unsure whether an Emergency Medical Condition exists. Authorization from the Plan or from your Primary Care Physician, however, is not required if you reasonably believe that an Emergency Medical Condition exists.

If you are treated at an In-Network facility, that facility must contact the Plan for Authorization if additional care is needed after your Emergency Medical Condition is stabilized. If your condition requires admission for inpatient care, you may be transferred to the Ventura County Medical Center once stable.

If you are at an Out-of-Network facility and you require inpatient admission, that facility must contact the Plan for Authorization at the time of the decision to admit. Once your condition has stabilized VCHCP may transfer you to an In-Network facility. If the Out-of-Network facility is not Authorized by the Plan you may be financially responsible for the additional services rendered after

stabilization.

If you are not sure whether you have an emergency or require urgent care, please contact the Nurse Advice Line at 800-334-9023 to access triage or screening services, 24 hours a day, 7 days a week.

IF YOU FEEL THAT YOU WERE IMPROPERLY BILLED FOR SERVICES THAT YOU RECEIVED FROM A NON-CONTRACTED PROVIDER, PLEASE CONTACT THE PLAN AT 805-981-5050 OR TOLL FREE AT (800) 600-8247.

Follow-up Care: After your medical problem (including Severe Mental Illness and Serious Emotional Disturbances of a Child) no longer requires Emergency Care or Urgently Needed Care or ceases to be an emergency and your condition is stable, any additional care you receive is considered “Follow-Up Care”. The follow-up care related to Emergency and Urgently Needed Care must be provided by or coordinated by your PCP, and obtained in-network, unless otherwise authorized by the Plan.

What to Do When Your Primary Care Physician Is Not Available: When your Primary Care Physician or medical group’s office is closed or when a same day appointment is not available for care that does not meet the definition of “Emergency Care” or “Urgently Needed Care”, you may self-refer to one of the In Network Urgent Care Centers within the Plan’s Service Area. You may also contact your Primary Care Provider for advice and instructions. If you anticipate frequently needing after-hours services, you may consider selecting a PCP with extended hours as listed in the Provider Directory.

PAYMENT RESPONSIBILITIES

Subscriber Liabilities for Emergency Services: You, or someone acting on your behalf, must notify the Plan as soon as reasonably possible following your Admission if you are hospitalized in any facility.

Subscriber Liabilities for Non-Emergency Covered Services: Except as is noted below, your PCP must request, arrange for, and obtain the Plan’s prior approval for Referrals to certain Specialists, and for hospitalizations and certain other benefits. Exceptions to this policy are as follows:

- Female Members may self-refer to an Obstetrician (“OB/GYN”) or Family Practitioner, (“FP”), contracted with the Plan to provide covered OB/GYN Direct Access Services. Benefits are covered as if the OB/GYN or FP is acting as a PCP, and only if such benefits are Medically Necessary.
- Non-emergency Services with a Non-Participating Provider are covered only when such services have been pre-authorized by the Plan, or when the member requires care and the Plan cannot be directly notified, such as after hours, week-ends, and holidays. In the latter case, (Plan cannot be notified), services must be obtained at an appropriately licensed “urgent care” or similar facility, subject to retrospective denial for services not medically indicated or supported by the examination and/or the diagnosis of the Member.

- If you are admitted to an out-of-network facility as a result of an emergency medical condition, once your condition is stabilized VCHCP has the option to transfer you to an in-network facility, otherwise you will be financially responsible for services rendered.
- Emergency contraception or the “Morning After Pill” is covered for female members who require emergency contraception. Members are urged to see their regular PCP to obtain counseling and prescription(s), as necessary. However, in accordance with mandates of the State of California, Members may obtain such medications upon self-referral to a pharmacy which participates in the independent dispensing of such treatments to patients. In this case the Plan does not require advance notification, nor does it place any restrictions on the female Member in receiving such emergency medications.

For Covered Services to Contracted Providers: In the event that VCHCP fails to pay a Participating Provider for Covered Services, the Member shall not be liable to the Participating Provider for any sums owed by VCHCP. As required by California law, every contract between VCHCP and a Participating Provider contains a provision to this effect. Participating Providers are contractually required to accept VCHCP’s payments on behalf of the Member for Covered Services and will not assert against the Member statutory or other lien rights that may exist. However, in the event you seek non-Covered Services, such as non-Emergency Care from a non-Participating Provider, you may be liable to that Provider for the cost of such services. Non-emergency services obtained in an emergency room setting may not be covered.

Claims for Reimbursement of Covered Services: The plan will reimburse you if you are required to pay out-of-pocket for urgently needed services incurred outside of the Service Area. A reimbursement claim form is available on the plan website at www.vchealthcareplan.org or by calling member services at (805) 981-5050 or (800) 600-8247. You will need the following documentation in order to complete your claim:

1. Your employee/subscriber information.
2. Provider information for the provider you used.
3. Sign the claim on the employee signature line.
4. The bill from the provider and
5. Your payment receipt.

Ventura County Health Care Plan

2017 BENEFIT SUMMARY

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE EVIDENCE OF COVERAGE AND PLAN CONTRACT SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

General			
Deductible:	This plan has no deductible		
Out of Pocket Maximums:			
Individual- Maximum per year (includes Rx and Life Strategies/OHBS Program)	\$3,000		
Family- Maximum per year (includes Rx and Life Strategies/OHBS Program)	\$6,000		
<i>Not covered expenses do not accumulate to total out-of-pocket maximum</i>			
Maximum Benefit Limits:	Unlimited		
Benefit Coverage	Member Copayment

- SUMMARY OF COVERED SERVICES AND SUPPLIES

This section describes your plan health benefits. These health benefits are subject to the exclusions and limitations in the following sections and the cost sharing and maximums list in the benefit summary. Please note that most items must be Authorized by the Plan to be covered unless otherwise indicated. Please refer to our website, www.vchealthcareplan.org for a list of general services requiring Authorization.

Acupuncture Services

Acupuncture procedures performed for therapeutic purposes are covered when obtained from an acupuncturist acting within the scope of their license. There is a \$20 reimbursement per visit limit and coverage is limited to 15 visits per year, which is shared with the chiropractic services coverage limit. Primary Care Physician referral or Authorization from the Plan is not required. Ancillary services, such as x-ray, ordered by an Acupuncturist require Authorization from the Plan. Member must submit a reimbursement claim form to the Plan, accompanied by a receipt, within 180 days of the date of service. Any remaining out of pocket expense not covered by the reimbursement does not accumulate to the out-of-pocket maximum.

Allergy Testing and Treatment

Allergy testing and treatment is covered when Medically Necessary and Authorized by the Plan. Services must be performed by a physician or other licensed health care provider acting within the scope of their license.

Ambulance Services

Ambulance services are covered when Medically Necessary, and provided in connection with:

- A. Emergency Services as defined herein, including ambulance and ambulance transport services

provided through the “911” emergency response system, or

- B. Authorized transportation for a requested transfer.

Ambulatory Surgery Center Services

Services performed in an Ambulatory Surgery Center (ASC) are covered when Medically Necessary and Authorized by the Plan. Services may include:

- Operating room
- General or local anesthesia
- Treatment room,
- Ancillary Services, and
- Medications which are given by the ASC for use during the member’s treatment at the ASC

Bariatric Surgery

Bariatric Surgical procedures are covered when Medically Necessary and Authorized by the Plan if all the following requirements are met:

- You complete a pre-surgical educational preparatory program regarding lifestyle changes necessary for long term bariatric surgery success
- An In-Network physician who is a specialist in bariatric care determines that the surgery is Medically Necessary, submit a request for surgery and the request is Authorized by the Plan.

Blood transfusions

The costs of processing and transporting self-donated (autologous), donor-directed or donor designated blood transfusions are covered up to \$320 per unit when used for a procedure that the contracting physician has authorized and scheduled.

Chiropractic Services

Chiropractic procedures performed for therapeutic purposes are covered when obtained from a chiropractor acting within the scope of their license. There is a \$20 reimbursement per visit limit and coverage is limited to 15 visits per year, which is shared with the acupuncture services coverage limit. Primary Care Physician referral or Authorization from the Plan is not required. Ancillary services, such as x-ray, ordered by a Chiropractor require Authorization from the Plan. Member must submit a reimbursement claim form to the Plan, accompanied by a receipt, within 180 days of the date of service. Any remaining out of pocket expense not covered by the reimbursement does not accumulate to the out-of-pocket maximum.

Clinical Trial for Treatment of Cancer or Life-Threatening Conditions

Routine patient care for patients in clinical trials is covered in the same way that it reimburses routine care for patients not in clinical trials.

- To qualify for coverage, the clinical trial treatment shall be provided in a Phase I, Phase II, Phase III or Phase IV clinical cancer trial that is approved by one of the following agencies: (1) One of the National Institutes of Health, (2) The Federal Food and Drug Administration (FDA), in the form of an investigational new drug application, (3) The Department of Defense or (4) The United States Veteran's Administration.
- The member's treating physician has determined that participation in the trial has a meaningful potential to benefit the member; and
- Members must meet all applicable Plan requirements for Authorization, registration, and referrals; and
- The clinical or principal investigator managing the clinical trial must provide detailed information about the trial to the Plan, including the therapeutic intent and end point; and
- All applicable Plan limitations for coverage of out-of-network care will apply to routine patient care costs in clinical trials; and
- Copayments and deductibles for services provided in a clinical trial will be the same as for services provided for patients that are in a non-clinical trial; and
- All utilization management rules and coverage policies that apply to routine care for patients not in clinical trials will also apply to routine patient care for patients in clinical trials.

VCHCP will cover costs of treating conditions that result as unintended consequences (complications) of clinical trials as well as services required for the clinically appropriate monitoring of the investigational item, device or service.

The following clinical trial costs are not eligible for coverage:

- The experimental intervention itself that would not otherwise be provided by the Plan;
- Medications or devices not approved by the FDA;
- Costs of data collection and record keeping that would not be required but for the clinical trial;
- Trials to determine safety or dosing levels of a drug;
- Other services to clinical trial participants necessary solely to satisfy data collection needs of the clinical trial (i.e., "protocol-induced costs");
- Health care services that, except for the fact that they are being provided in a clinical trial, are otherwise specifically excluded from coverage under the enrollee's health plan;
- Travel, housing, companion expenses and other non-clinical expenses;

- Items and services generally made available by the trial sponsor without charge.

VCHCP members participating in clinical trials must continue to seek care for primary health care services from their primary care physician (PCP) or specialist.

Dental Services

General anesthesia services at an In-Network hospital or surgery center for a dental procedure, when these services are not ordinarily required, but are required by the clinical status or underlying medical condition of the patient are covered when Medically Necessary and Authorized by the Plan. This coverage is provided only for Members that meet one of the following:

- Members who are under seven years of age, or
- Members who are developmentally disabled, regardless of age, or
- Members whose health is compromised and for whom general anesthesia is Medically Necessary, regardless of age.

The Plan does not cover the dental procedure itself, including, but not limited to, the dentist's professional fee, and dental supplies, such as dental implants, prosthetics, appliances, splints and braces

The Plan covers medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. Cleft palate means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

Diabetes Care

Services for the diagnosis and treatment of diabetes is covered when Medically Necessary and Authorized by the Plan including but not limited to:

- Inpatient and outpatient services
- Office visits
- Diabetic drugs, including: Insulin for the treatment of diabetes, other prescriptive drugs for the treatment of diabetes and glucagon
- Foot orthotics to prevent or treat diabetic foot complications
- Diabetes self-management training, education, and medical nutrition therapy
- Instruction that will enable diabetic patients and their families to gain an understanding of the diabetic disease process and the daily management of diabetic therapy, in order to thereby avoid frequent hospitalizations and complications, is also covered. These services are subject to the copayment of a physician office visit.

All services must be provided by an appropriately licensed or registered health care professional.

Other Diabetes Care Services at no charge to the member may include:

- Diabetes Roadmap classes – which are interactive classes offered to all diabetic members to gain a better understanding of diabetic management
- Disease Management Program- which offers educational materials, letters informing them of needed health screenings, and supportive calls to members, and
- Case Management- for members who have multiple conditions that may make management of their diabetes more challenging.

Dialysis Services

Dialysis services are covered when Medically Necessary and Authorized by the Plan, including:

- Dialysis in an inpatient facility setting
- Dialysis in an outpatient facility setting
- Professional services

Durable Medical Equipment

Durable Medical Equipment (DME) is covered when Medically Necessary and Authorized by the Plan. DME must be provided by an appropriately licensed In-Network provider, ordered by your physician and for use in the home.

DME for home use is an item that is:

- Intended for repeated use
- Primarily and customarily used to serve a medical purpose, not for comfort or convenience
- Generally not useful to a person who is not ill or injured
- Appropriate for use in the home

Covered DME includes repair or replacement of covered equipment, unless due to loss or misuse. The Plan reserves the right to determine if the DME services will be purchased or rented. If rented, the member must contact the supplier to return the device when it is no longer Medically Necessary. You must return the rented equipment or pay the fair market price of the equipment when the Plan is no longer covering it. Coverage is limited to the least expensive device which the Plan determines to be Medically Necessary.

Emergency Services

All Medically Necessary Emergency Services provided by a hospital emergency department are covered when the illness or injury meets the Plan's Emergency Services definition.

No Authorization is required for Emergency Services.

The Emergency Services copayment is waived if Member is admitted to the hospital directly from its emergency department. Notification and Authorization is required for hospital admissions.

Family Planning Services

The following Family Planning Services are covered without cost share to the member:

- All drugs, devices and other products for women as approved by the FDA and as prescribed by the member's provider, including but not limited to:
 - o Surgical sterilization implants
 - o implantable rods
 - o IUD copper, IUD with progestin
 - o shots/injections
 - o Oral contraceptives including combined pills, progestin only pills and extended/continuous use pills
 - o Patches
 - o Devices including vaginal contraceptive rings, diaphragms, sponges, cervical caps, female condoms
 - o Spermicide
 - o Emergency contraception (Plan B/Plan B One Step/Next Choice and Ella)
- Patient education and counseling on contraception. Follow up services related to the drugs, devices, products, and procedures including but not limited to management of side effects, counseling for continued adherence, and device fitting, insertion and removal
- Emergency contraception with or without a prescription.
- Elective sterilization procedures for men and women (not reversal of sterilization)

Use of these drugs, devices, and other procedures for a purpose other than contraception, the applicable copay applies.

Termination of pregnancy services are covered, without prior authorization, and may require a member cost share.

If a covered drug, device, or product is covered without cost share but is not available or is deemed medically inadvisable by member's provider, an alternate drug, device, or product shall be provided without cost share. If there is no equivalent or if an equivalent is deemed inadvisable by the member's provider, VCHCP shall cover the original prescription without cost sharing.

Health Education and Promotion

We cover a variety of health education, counseling, programs and materials to help you take an active role in protecting and improving your health, including programs for:

- Tobacco cessation

- Chronic Disease management-including Diabetes (please see the diabetes care section) and Asthma
- Personal health behavior
- Health care services
- Blood pressure management
- Cholesterol management
- Stress management
- Childbirth preparation and breast-feeding

For more information about our health education and promotion programs please our website at www.vchealthcareplan.org.

Home Health Care

Home Health Care is covered when Medically Necessary and Authorized by the Plan. Home Health Care means services provided in the home by registered nurses, licensed vocational nurses, and licensed home health aides; physical, occupational and speech therapists. Home Health Care is limited to those services that are prescribed or directed by the attending physician or other appropriate authority designated by the Plan. The member must be homebound because of illness or injury and the care must not be considered custodial. If a basic health service can be provided in more than one medically appropriate setting, it is within the discretion of the attending physician or other appropriate authority designated by the Plan to choose the setting for providing the care.

The Member's attending physician will set up a treatment plan describing the length, type, and frequency of the services to be provided.

Services are limited to those authorized by the Plan: Maximum 3 visits per day, up to 2 hours per visit (nurse, social worker, physical/ occupational/ speech/ therapist) or 4 hours for a home health aide.

Hospice Care

Hospice Care is covered when Medically Necessary and Authorized by the Plan. Hospice care is a specialized form of interdisciplinary health care designed to provide end of life comfort care and to alleviate the physical, emotional, and spiritual discomforts of a Member experiencing the last phases of life due to a terminal illness. It also provides support to the primary caregiver and the member's family. A Member who chooses hospice care is choosing to receive care for pain and other symptoms associated with the terminal illness, but not to receive care to try to cure the

terminal illness. You may change your decision to receive hospice care benefits at any time.

The Plan covers the Hospice Care services listed below when all of the following requirements are met:

- An In-Network provider has diagnosed you with a terminal illness and determines that your life expectancy is 6 months or less
- The covered services are provided inside your Service Area
- The services are provided by a licensed hospice agency that is an In-Network provider
- The services are necessary for the management of your terminal illness and related conditions

If all of the above requirements are met, the following hospice services are covered, which are available on a 24-hour basis if necessary for your Hospice Care:

- In-Network physician services
- Skilled Nursing care, including assessment, evaluation, and case management of nursing needs, treatment for pain and symptom control, provision of emotional support to you and your family, and instructions to caregivers
- Physical, occupational, or speech therapy for purposes of symptom control or to enable you to maintain activities of daily living
- Respiratory therapy
- Medical social services
- Home health aide and homemaker services
- Drugs prescribed for pain control and symptom management of the terminal illness in accord with our drug formulary guidelines.
- Durable medical equipment
- Respite care when necessary to relieve your caregivers.
- Counseling and bereavement services
- Dietary counseling
- The following care during periods of crisis when you need continuous care for management of acute medical symptoms:
 - o Nursing care on a continuous basis for as much as 24 hours a day as necessary to maintain you at home
 - o Short-term inpatient care required at a level that cannot be provided at home.

Hospital Facility Services

Inpatient Services:

General hospital services, including room with customary furnishings and equipment, meals (including special diets as Medically Necessary), and general nursing care are covered services when Medically Necessary and Authorized by the Plan. All Medically Necessary ancillary services, including but not limited to, operating room and related facilities, intensive care unit and services, drugs, medications and biologicals are also covered when Authorized by the Plan.

Outpatient Services:

Hospital-based outpatient services are covered at no charge when provided at Ventura County Medical Center or Santa Paula Hospital. In other In-Network hospitals, the Member may pay a Copayment to the hospital for each outpatient service.

Emergency Department Services:

All Medically Necessary Emergency Department Services provided by a hospital emergency department are covered when the illness or injury meets the Plan's Emergency Services definition.

No Authorization is required for Emergency Services.

The Emergency Services copayment is waived if Member is admitted to the hospital directly from its emergency department. Notification and Authorization is required for hospital admissions.

Other Outpatient Services:

Hospital services and supplies that are Medically Necessary and Authorized by the Plan and performed by a hospital or outpatient facility such as outpatient surgery, radiology, pathology, cardiology, dialysis and other diagnostic services, required for treatment excluding prescription drugs and take-home supplies, are covered.

Immunizations

Immunizations are covered when recommended by guidelines published by the Advisory committee on Immunizations Practices (ACIP) of the Centers for Disease Control and Prevention.

Immunizations, professional services to inject the vaccine and the vaccine that are injected are covered with no cost share to the member.

Infertility Treatment Services

The following Infertility Treatment Services are covered when Medically Necessary and Authorized

by the Plan:

- diagnostic testing, including one (1) ultrasound
- infectious disease screening
- semen analysis
- office visits (including history and physical, information and counseling)
- Injection treatments provided at an In-Network provider's office when not used to prepare for In-Vitro services.

For purposes of this Infertility Services section, infertility is an inability to conceive a pregnancy after a year or more of regular sexual relations without contraception or the ability to carry a pregnancy to term. Additional Copayments may apply, please see the prescription drug benefit for details on infertility drugs.

Maxillofacial Surgery

Maxillofacial surgical services are covered, when Medically Necessary and Authorized by the Plan. These may include the reduction or manipulation of fractures of facial bones; excision of lesions of the mandible, other facial bones, mouth, lip, or tongue; incision of lesions of the accessory sinuses, mouth, salivary glands, or ducts.

The Plan covers medically necessary services that are an integral part of reconstructive surgery, including dental or orthodontic services, for cleft palate procedures. Cleft palate means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

Medical Supply and Equipment

Ostomy and other medical supplies to support and maintain gastrointestinal, bladder, or respiratory function; medical supplies needed to operate home medical equipment; and prostheses and orthoses are covered when Medically Necessary and Authorized by the Plan.

Diabetic supplies are covered by the Prescription Medication benefit.

Mental Health Services (Including behavioral health and substance use disorder treatment services)

VCHCP covers Mental Health, Behavioral Health and Substance Use Disorder (MH/SUD) treatment Services described in this section. VCHCP has contracted with OptumHealth Behavioral Solutions of California (OHBS) to administer these Covered Services. If you need mental health care, behavioral health care or substance use disorder treatment services, or have questions about these benefits, please

visit www.liveandworkwell.com or call Life Strategies/OHBS Member services at 1-800-851-7407 or VCHCP Member services at (805) 981-5050 or 1-800-600-8247.

Mental Health, Behavioral Health and Substance Use Disorder Treatment Services are those services provided or arranged by OBHC for the Medically Necessary treatment of:

- Mental Disorders, including but not limited to treatment for the Severe Mental Illness of an adult or child and/or the Serious Emotional Disturbance of a child, and/or
- Alcohol and drug problems, also known as Chemical Dependency, Substance and Related Addictive Disorders, Substance Use Disorder or Substance Abuse

A “Mental Disorder” is a mental health condition identified as a “mental disorder” in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Text Revision (DSM IV), that result in clinically significant distress or impairment of mental, emotional, or behavioral functioning.

All mental health conditions identified as a “mental disorder” in the DSM-IV-TR are covered under your Group Subscriber Contract. VCHCP does not cover services for conditions that the DSM identifies as something other than a “mental disorder”. For example, the DSM identifies relational problems as something other than a “mental disorder”, so VCHCP does not cover services (such as couples counseling or family counseling) for relational problems. You should carefully read the exclusions described below so you will understand your coverage.

“Mental Disorders” include, but are not limited to, the following conditions:

- Severe Mental Illness (SMI) includes the diagnosis and treatment of the following conditions: Anorexia Nervosa, Bipolar Disorder (manic-depressive illness), Bulimia Nervosa, Major Depressive Disorder, Obsessive-Compulsive Disorder, Panic Disorder, Pervasive Developmental Disorder and Autism, Schizoaffective Disorder, Schizophrenia
- Serious Emotional Disturbance (SED) of a Child means a condition identified as a Mental Disorder in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), other than a primary substance use disorder or developmental disorder, that results in behavior inappropriate to the child’s age according to expected developmental norms if the child is under the age of eighteen (18) and also meets at least one of the following two criteria:
 - o As a result of the Mental Disorder, (1) the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and (2) either (a) the child is at risk of removal from home or has already been removed from the home, or (b) the Mental Disorder and impairments have been present for more than six months or are likely to continue for more than one year without treatment; or
 - o The child (1) has one or more mental disorders as identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, other than a primary substance use disorder or developmental disorder, that result in behavior inappropriate to the child’s age according to expected developmental norms, and (2) meets the criteria in paragraph (2) of subdivision (a) of Section 5600.3 of the Welfare and Institutions Code.

Mental Health and Behavioral Health Care Services for the Diagnosis and Treatment of Mental Disorders

- (1) Mental/Behavioral Health Inpatient- VCHCP covers inpatient psychiatric hospitalization in participating hospitals. Coverage includes room and board, drugs, and inpatient professional services of participating physicians and other providers who are licensed health care professionals acting within the scope of their license, provided at a Hospital, an Inpatient Treatment Center or Residential Treatment Center are covered when Medically Necessary and pre authorized when applicable. Services include, but are not limited to: Mental and Behavioral Health Inpatient Hospitalization, Psychiatric Observation for an Acute Psychiatric Condition, Mental Health short-term Treatment in a Crisis Residential Treatment Facility and Mental and Behavioral Health Residential Program. All of these services in section (1) are covered within the SUD Inpatient copay and do not require a separate copay from the member.
- (2) Mental/Behavioral Health Outpatient: Office Visits- VCHCP covers outpatient office services for a mental disorder. Services include, but are not limited to: Mental Health Individual and Group Evaluation and Treatment, Individual and Group Counseling, Mental Health Psychological Testing, and Mental Health Outpatient Monitoring of Drug Therapy.
- (3) Mental/Behavioral Health Outpatient: Other Items and Services- VCHCP covers other outpatient services for the treatment and medical management of a mental disorder including, but not limited to: Mental and Behavioral Health Partial Hospitalization Program, Mental Health Intensive Outpatient Program, Electroconvulsive Therapy (ECT), Mental/behavioral Health Day Treatment Programs, and Transcranial Magnetic Stimulation (TMS).
 - (A) Behavioral Health Treatment for Pervasive Developmental Disorder (“PDD”) or Autism- Professional services and treatment programs, including applied behavior analysis and evidence- based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of a Covered Person with pervasive developmental disorder or autism, and that meet the criteria required by California law.

Substance Use Disorder (SUD) Treatment Services

- (1) SUD Inpatient- VCHCP covers medically necessary Substance Use Disorder Services, including Medical Detoxification, and inpatient prescription drugs, which have been pre-authorized and are provided by a Participating Practitioner while the Member is confined in a participating Inpatient Treatment Center or at a Participating Residential Treatment Center. Services include, but are not limited to: Inpatient Detoxification, Substance Use Disorder Residential Program and Non-Medical Transitional Residential Recovery Services. All of these services in section (1) are covered within the SUD Inpatient copay and do not require a separate copay from the member.
- (2) SUD Outpatient: Office Visits- VCHCP covers outpatient office services for SUD treatment. Services include, but are not limited to: individual and group chemical dependency counseling, and medical treatment for withdrawal symptoms.
- (3) SUD Outpatient: Other Items and Services- VCHCP covers other outpatient services for the treatment and medical management of SUD treatment. Services include, but are not limited to: SUD Partial Stay Programs, SUD day-treatment programs, and SUD Intensive Outpatient Programs.

- **Other Behavioral Health Services**

(1) Ambulance – Use of an ambulance (land or air) for Emergencies including, but not limited to, ambulance or ambulance transport services provided through the “911” Emergency response system is covered without prior authorization when the Member reasonably believes that the behavioral health condition requires Emergency Services that require ambulance transport services. Use of an ambulance for a non-Emergency is covered only when specifically authorized by Life Strategies/OHBS.

(2) Laboratory Services – Diagnostic and therapeutic laboratory services are covered when ordered by a Participating Practitioner in connection with the Medically Necessary diagnosis and treatment of a Mental Disorder and/or Substance and Related Addictive Disorder when pre- authorized by Life Strategies/OHBS.

(3) Inpatient Prescription Drugs – Inpatient prescription drugs are covered only when prescribed by a Life Strategies/OHBS Participating Practitioner for treatment of a Mental Disorder or Substance and Related Addictive Disorder while the Member is confined to an Inpatient Treatment Center or, in the case of treatment of Substance and Related Addictive Disorder, a Participating Residential Treatment Center.

(4) Injectable Psychotropic Medications – Injectable psychotropic medications are covered if prescribed by a Life Strategies/OHBS Participating Practitioner for treatment of a Mental Disorder.

(5) Psychological Testing – Medically Necessary psychological testing is covered when pre-authorized by Life Strategies/OHBS and provided by a Participating Practitioner who has the appropriate training and experience to administer such tests.

- **Prior Authorization**

The Following Mental Health, Behavioral Health or Substance Use Disorder Treatment Services require Prior Authorization by OptumHealth Behavioral Solutions of California, except in the event of an emergency, in order to be covered:

- Inpatient Admissions
- Services rendered at a Residential Treatment Center
- Intensive Outpatient Program Treatment
- Outpatient Electro-Convulsive Treatment
- Partial Hospitalization
- Behavioral Health Treatment for Pervasive Development Disorder (PDD) and autism
- Psychological Testing

- **Exclusions from Mental Health, Behavioral Health and Substance Use Disorder Treatment Services**

1. Any inpatient confinement, treatment, service or supply not authorized by Life Strategies/OHBS, except in the event of an Emergency.
2. The following Outpatient treatments require preauthorization by Life Strategies/OHBS, except in the event of an Emergency: Intensive Outpatient Program Treatment, Outpatient Electro-

Convulsive Treatment, Partial Hospitalization; Behavioral Health Treatment (BHT), and Psychological Testing.

3. All services not specifically included in the *Summary of Benefits* included with this *Combined Evidence of Coverage and Disclosure Form*.
4. Services received prior to the Member's effective date of coverage, after the time coverage ends, or at any time the Member is ineligible for coverage.
5. Services or treatments which are not Medically Necessary, as determined by Life Strategies/OHBS.
6. Services or treatment provided to you which duplicate the benefits to which you are entitled under any applicable Workers' Compensation law are not covered.
7. Any services that are provided by a local, state or federal governmental agency are not covered except when coverage under this Combined Evidence of Coverage and Disclosure Form is expressly required by federal or state law.
8. Behavioral Health Treatment for Pervasive Developmental Disorder (PDD) or Autism must have a treatment plan that has measurable goals over a specific timeline that is developed and approved by the Participating Qualified Autism Service Provider for the specific Member being treated and is discontinued when the treatment goals and objectives are achieved or no longer appropriate. The treatment plan is not used for purposes of providing or for the reimbursement of respite, day care, or educational services and is not used to reimburse a parent for participating in the treatment program. The treatment plan shall be made available to us upon request.
9. Speech therapy, physical therapy and occupational therapy services provided for Developmental Delays or Specific Learning Disorders¹ are not covered. This exclusion does not apply to Medically Necessary speech therapy, physical therapy and occupational therapy services when provided under, and authorized by, the Member's medical benefit plan in connection with Behavioral Health Treatment for individuals with Pervasive Developmental Disorders or Autism rendered under the direct supervision of a licensed or certified therapist, and provided by a Participating Provider acting with the scope of his or her license or as authorized under California law.
10. Routine, custodial, and convalescent care.
11. Any services provided by non-licensed Providers other than services provided to those diagnosed with PDD or autism that may be provided by a QAS provider, QAS professional or QAS paraprofessional as defined in the definitions section of this Evidence of Coverage.
12. Pastoral or spiritual counseling.

¹ Learning Disability as defined under the DSM-IV is defined as Specific Learning Disorder under DSM-5.

13. Dance, poetry, music or art therapy services except as part of a Behavioral Health Treatment Program.
14. School counseling and support services, household management training, peer support services, tutor and mentor services, independent living services, supported work environments, job training and placement services, therapeutic foster care, Emergency aid to household items and expenses, and services to improve economic stability.
15. Genetic counseling services.
16. Community Care Facilities that provide 24-hour non-medical residential care, unless medically necessary.
17. Weight control programs and treatment for addictions to tobacco, nicotine or food when not medically necessary.
18. Counseling for adoption, custody, family planning or pregnancy in the absence of a DSM-diagnosis.
19. Sexual therapy programs, including therapy for paraphilic disorders², the use of sexual surrogates, and sexual treatment for sexual offenders/perpetrators of sexual violence. This exclusion does not apply to treatment related to gender identity dysphoria or other covered Mental Disorders.
20. Personal or comfort items, and non-Medically Necessary private room and/or private duty nursing during inpatient hospitalization are not covered.
21. Surgery or acupuncture.
22. Services that are required by a court order as a part of parole or probation, or instead of incarceration, which are not Medically Necessary.
23. Treatment sessions by telephone or computer Internet services (instant messaging, chat rooms, etc.). **Exception:** Telehealth technology may be utilized in rural geographic areas where other appropriate treatment settings for PDD and/or autism are not available and/or for supervision of treatment sessions for PDD and/or autism.
24. Evaluation or treatment for education, professional training, employment investigations, fitness for duty evaluations, or career counseling.
25. Educational Services for Developmental Delays and Specific Learning Disorders are not health care services and are not covered. Educational skills related to or consisting of gaining academic knowledge for educational advancement to help students achieve passing marks and advance from grade to grade. The Plan does not cover tutoring, special education/instruction required to assist a child to make academic progress: academic coaching, teaching members how to read; educational testing or academic education during residential treatment. Teaching academic

² Sexual Addiction as defined under the DSM-IV is defined as Paraphilic Disorder under DSM-5.

knowledge or skills that help you progress from your current levels of knowledge or learning ability to levels that would be expected from a person of your age.

Life Strategies/OHBS refers to the *American Academy of Pediatrics Policy Statement – Learning Disabilities, Dyslexia and Vision: A Subject Review* for a description of Educational Services. For example, Life Strategies/OHBS does not cover:

- Items and services that increase academic knowledge or skills.
 - Special education teaching to meet the educational needs of a person with intellectual disability, Specific Learning Disorder, or Developmental Delay. (A Specific Learning Disorder is a condition where there is a meaningful difference between a person's current level of learning ability and the level that would be expected for a person of that age. A Developmental Delay is a delayed attainment of age appropriate milestones in the areas of speech-language, motor, cognitive, and social development.) This exclusion does not apply to covered services when they are authorized, part of a Medically Necessary treatment plan, provided by or rendered under the direct supervision of a licensed or certified healthcare professional, and are provided by a Participating Provider acting within the scope of his or her license or as authorized under California law.
 - Teaching and support services to increase academic performance
 - Academic coaching or tutoring for skills such as grammar, math, and time management
 - Speech training that is not Medically Necessary, and not part of an approved treatment plan and not provided by or under the direct supervision of a Participating Healthcare Professional acting within the scope of his or her license under California law, which is intended to address speech impediments.
 - Teaching you how to read, whether or not you have dyslexia
 - Educational testing
 - Teaching (or any other items or services associated with) activities such as art, dance, horse riding, music, or swimming, or teaching you how to play. Play therapy services are covered only when they are authorized, part of a Medically Necessary treatment plan, require the direct supervision of a licensed physical therapist or a Qualified Autism Service Provider, and are provided by a Participating Provider acting within the scope of his or her license or as authorized under California law. This exclusion does not apply to Medically Necessary speech therapy, physical therapy and occupational therapy services when provided under, and authorized by, the Member's medical benefit plan in connection with Behavioral Health Treatment for individuals with Pervasive Developmental Disorders or Autism.
26. Conditions not listed as a Mental Disorder in the fourth edition or the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* are excluded, except for diagnostic evaluation.
27. Experimental and/or Investigational Therapies, Items and Treatments are not covered, unless required by an external, independent review panel as described in the Section of this *Combined Evidence of Coverage and Disclosure Form* captioned "Experimental and Investigational

Therapies.” Unless otherwise required by federal or state law, decisions as to whether a particular treatment is Experimental or Investigational and therefore not a covered benefit are determined by the Life Strategies/OHBS Medical Director or a designee. For the purpose of this *Combined Evidence of Coverage and Disclosure Form*, procedures, studies, tests, drugs or equipment will be considered Experimental and/or Investigational if any of the following criteria/ guidelines are met:

- It cannot lawfully be marketed without the approval of the Food and Drug Administration (FDA), and such approval has not been granted at the time of its use or proposed use.
- It is a subject of a current investigation of a new drug or new device (IND) applications on file with the FDA.
- It is the subject of an ongoing clinical trial (Phase I, II, or the research arm of Phase III) as defined in regulations and other official publications issued by the FDA and the Department of Health and Human Services.
- It is being provided pursuant to a written protocol that describes among its objectives the determination of safety, efficacy, toxicity, maximum tolerated dose or effectiveness in comparison to conventional treatments.
- It is being delivered or should be delivered subject to approval and supervision of an Institutional Review Board (IRB) as required and defined by federal regulations or other official actions (especially those of the FDA or DHHS).
- Other facilities studying substantially the same drug, device, medical treatment or procedures refer to it as experimental or as a research project, a study, an invention, a test, a trial or other words of similar effect.
- The predominant opinion among experts as expressed in published, authoritative medical literature is that usage should be confined to research settings.
- It is not Experimental or Investigational itself pursuant to the above criteria, but would not be Medically Necessary except for its use in conjunction with a drug, device or treatment that is Experimental or Investigational (e.g., lab test or imaging ordered to evaluate the effectiveness of the Experimental therapy).
- The source of information to be relied upon by Life Strategies/OHBS in determining whether a particular treatment is Experimental or Investigational, and therefore not a covered benefit under this Behavioral Health Plan, include but are not limited to the following:
 - The Member’s Medical records;
 - The protocol(s) pursuant to which the drug, device, treatment or procedure is to be delivered;
 - Any informed consent document the Member, or his or her representative, has executed or will be asked to execute, in order to receive the drug, device, treatment or procedure;

- The published authoritative medical and scientific literature regarding the drug, device, treatment or procedure;
 - Expert medical opinion;
 - Opinions of other agencies or review organizations (e.g., ECRI Health Technology Assessment Information Services or HAYES New Technology Summaries);
 - Regulations and other official actions and publications issued by agencies such as the FDA, DHHS and Agency for Healthcare Research and Quality (AHRQ);
 - Life Strategies/OHBS Technology Assessment Committee Guidelines.
- A Member with a Life-Threatening or Seriously Debilitating condition may be entitled to an expedited external, independent review of Life Strategies'/OHBS coverage determination regarding Experimental or Investigational therapies as described in the Section of this *Combined Evidence of Coverage and Disclosure Form* captioned "Experimental and Investigational Therapies".

28. Services rendered by a Non-Participating Provider are not covered, except for Emergency Services.

29. Services rendered outside the Service Area are not covered, except for Emergency Services or Urgently Needed Services

Services following discharge after receipt of Emergency Services or Urgently Needed Services are not covered without a Participating Provider's or Life Strategies'/OHBS authorization. The fact that the Member is outside the Service Area and that it is inconvenient for the Member to obtain the required services from a Participating Provider will not entitle the Member to coverage.

Prescription Drug Services

The Plan provides pharmacy coverage through a contract with a pharmacy benefit manager ("PBM"). The Plan covers Medically Necessary prescription medications ordered by a licensed provider and dispensed by an In-Network pharmacy or mail-order service. Subject to the conditions, limitations, exclusions and copayments, you may have a prescription filled for the outpatient medications described as follows:

- Those Medically Necessary prescription medications listed in the Plan's *Preferred Drug List (PDL)*. Some prescriptions may require Authorization by the Plan
- Diabetic drugs, including: Insulin for the treatment of diabetes, other prescriptive drugs for the treatment of diabetes, and glucagon
- Prescription inhalers and spacers
- Pain management medications for terminally ill patients
- Prescription contraceptive methods listed in the Plan's PDL. Contraceptive methods that are mandated by law, such as Plan B.
- Testosterone (injectable) retail only

- All Food and Drug Administration (FDA)-approved tobacco cessation treatments, medically prescribed and over-the-counter, are covered without cost sharing
- All Affordable Care Act (ACA)-required medications are covered, without cost sharing, according to medical treatment guidelines. Such ACA-required services and tobacco cessation drugs are notated specifically in the Preferred Drug List (PDL). Please see Prescription Drug Limitations and Exclusions Section for more information about the Plan's PDL
- For members who are prescribed covered orally administered anti-cancer medications, the total amount of copayments and coinsurance shall not exceed \$200 for an individual prescription of up to a 30-day supply

How to Obtain Covered Prescription Drug Services

You must obtain covered items at an In-Network pharmacy or through mail-order service unless you obtain the item as part of covered Emergency Services or Out-of-Area Urgent Care described in the Emergency Services and Urgent Care sections.

Please refer to the *Provider Directory* for the locations of In-Network pharmacies in the Service Area. Please contact Express Scripts Inc. for all other In-Network pharmacies located outside the Service Area.

Prescription Drug Limitations and Exclusions

The outpatient prescription medications described above are subject to the following limitations, exclusions and copayments:

1. Covered medications must be dispensed by an In-Network Pharmacy. The pharmacy benefit manager maintains a nationwide network of In-Network Pharmacies. A list of locations within the Service Area is available on the Plan's website at www.vchealthcareplan.org, or please call the Member Services Department at (805) 981-5050 or toll free at (800) 600-8247 to have a printed copy mailed to you. Members are encouraged to call the PBM's toll-free number printed on their member identification pharmacy card for locations of In-Network pharmacies outside the Service Area. Covered medications dispensed by an out-of-network pharmacy will be covered only when dispensed in conjunction with, and immediately following, an Emergency or Urgently Needed Services or Out-of-Area Coverage. In such circumstances, the member must pay for covered medications at the time they are dispensed and submit a claim for reimbursement to the PBM. The member will be reimbursed by the PBM the amount that would have been due the In-Network pharmacy. The PBM will reimburse member claims for prescriptions, subject to dispensing limits and Plan authorization requirements.

2. The pharmacist must dispense generic medications, if available, provided no medical contraindications exist. "Available" refers to general marketplace availability, not to specific pharmacy availability. The PBM establishes a maximum allowable cost (MAC) list for specified generic medications. This is the maximum amount a pharmacy will be reimbursed by the PBM for these drugs. If the provider has qualified a prescription for a brand name medication by noting "do not substitute" or "dispense as written" or if Member elects a brand name medication, the brand name medication will be provided and not substituted and the Member shall pay the copay plus the cost difference between the brand product and the MAC amount.
3. The amount of covered medication per retail prescription is limited to a 30-day supply, except certain contraceptives, and the amount of covered medication per mail order prescription is limited to a 90-day supply, except for specialty medications which are only a 30-day supply delivery unless otherwise set forth in this Plan benefit description.

Per Section 1367.25, the Plan shall cover up to a maximum of 12 month supply of FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time for an enrollee by a provider, pharmacist, or at a location licensed or otherwise authorized to dispense drugs or supplies.

4. Over-the-counter medicines that do not require a prescription are not covered. Insulin and other required medications are exceptions and are covered with a prescription. ACA required Medications include:
 - a. Aspirin to reduce the risk of heart attack
 - b. Iron Supplements for children
 - c. Fluoride Supplements for children to reduce the risk of tooth decay
 - d. Folic Acid Supplements for pregnant women to reduce the risk of birth defects
 - e. Vitamin D Supplements for adults to prevent falls
 - f. Medications for the prevention of breast cancer
 - g. Tobacco Cessation Products
5. The Plan maintains a Preferred Drug List (PDL), which is a list of covered prescription drugs by major therapeutic category. This PDL is reviewed and approved by the Plan Pharmacy & Therapeutics Committee. The Plan Pharmacy & Therapeutics Committee, which is responsible for overseeing the Plan's PDL, reviews new drugs upon request of an In-Network Provider and upon receipt of information about the new drug from the PBM. The Committee reviews the contents of the PDL quarterly and considers additions and deletions, including drugs approved by the FDA. The presence of a drug on the PDL does not guarantee that the Member's physician will prescribe the drug for a particular medical condition.

6. Although the Plan has a closed formulary, Medically Necessary prescriptions not on the Plan's PDL may be covered when Authorized by the Plan. There is a process by which members may obtain coverage for non-formulary drugs. Members may consult with their physicians regarding an individual exception and if the physician is in agreement, the physician may submit an Authorization Request for that medication. Copays for these prescriptions will be at the 3rd or 4th tier. Certain PDL medications are also subject to obtaining Authorization from the Plan. Requests for Authorization after regular business hours may be made by telephone by the prescribing physician to the Plan. Requests for Authorization during regular business hours may be made by telephone, in writing, or by facsimile by the pharmacy or the prescribing physician to the Plan. The Plan processes requests for new prescriptions within 24 hours and requests for other refills within 48 hours of the Plan's receipt of the request. Refills will be processed in 24 hours when exigent circumstances exist. A verbal Authorization may be given to the pharmacy or requesting physician. The notification letter is transmitted to the prescribing physician and mailed to the member. Denials shall indicate any alternative drug or treatment offered by the Plan and shall inform the member of Plan grievance procedures.

Please see Member Grievance Procedure for further information. Grievances may be filed for denials of non-formulary drugs. Requests for exceptions to step therapy processes for prescription drugs may be submitted in the same manner as a request for prior authorization for prescription drugs and shall be treated in the same manner.

7. Certain medications have maximum quantity limits per prescription.
8. Medications that are experimental, investigational or not approved by the United States Food and Drug Administration, including compounded drugs, are excluded. Off-label use of an FDA approved drug, when Medically Necessary, will be approved if supported by professionally recognized standards of medical practice. A copy of the policy, Prescription Medications: Coverage of Off-label Use, may be requested by contacting the Plan. If the Plan denies coverage of a drug to treat a life-threatening or chronic and seriously debilitating condition on the basis that its use is investigational or experimental, that decision is subject to Independent Medical Review. Please see the section, in this document, titled Independent Medical Review (Experimental/Investigational) for additional information.
9. Medications not Medically Necessary for the treatment of the condition for which it is administered are excluded.
10. Cosmetics, health or beauty aids, dietary supplements (except for conditions of Phenylketonuria), appetite suppressants, and drugs when prescribed for cosmetic purposes,

when not Medically Necessary, are excluded. Examples within this exclusion are retinoic acid for cosmetic purposes, medications prescribed to remove or lessen wrinkles or pigmentation in the skin, medications to treat adult gynecomastia (when not Medically Necessary), and Propecia, topical Minoxidil and other medications to treat baldness. Exceptions may be made for drugs when Medically Necessary as prescribed.

11. Placebo injections and medications are excluded, except when Medically Necessary.
12. The Plan does not cover replacement of medications that are misplaced, lost, damaged or stolen are excluded.
13. Enhancement medications when prescribed for sexual performance are excluded.
14. The prescribing practitioner must be an individually licensed and currently Drug Enforcement Administration certified provider.
15. Medications related to, or as a follow-up to, or as a result of complications from, services and supplies that are specified as excluded or beyond the limitations set forth in the Plan's medical coverage are excluded. Medically Necessary drugs for urgent and emergent conditions that arise due to complications from non-covered services will be covered

X-ray, Imaging, Pathology and Laboratory Services

Preventive X-ray, Imaging, Pathology and Laboratory services are covered when Medically Necessary. Certain services require authorization. Preventive services have no cost share, including but not limited to; Screening mammograms, screening ultrasounds, screening CT scans.

Diagnostic and Therapeutic X-ray, Imaging (including CT, PET scans and MRIs), Pathology and Laboratory services are covered when Medically Necessary and Authorized by the Plan. Please refer to the benefits grid for possible cost sharing.

Other Outpatient Services

- A. All other Plan outpatient services and supplies, such as those provided in non-hospital ambulatory surgery center, dialysis unit, imaging facility, laboratory draw site and other diagnostic services required for treatment, excluding prescription drugs and take-home supplies, are covered when Medically Necessary. Certain services require authorization.
- B. Testing and treatment of phenylketonuria (PKU) including coverage of enteral formulas and specially formulated food products used in place of normal products, to the extent that their cost exceeds the cost of a normal diet.

Pregnancy and Maternity Care Services

If you are a female Member, you may obtain OB/GYN physician services without first contacting your Primary Care Physician.

If you need OB/GYN preventive care, are pregnant, or have a gynecological ailment, you may go directly to an In-Network OB/GYN specialist, or a Physician who provides such services. *Female members may also choose an OB/Gyn to be their Primary Care Physician.*

- A. Physician services in the Physician's office for any condition or complications resulting from pregnancy or resulting childbirth and any complications, prenatal, delivery, antepartum, and postpartum care.
- B. Prenatal diagnosis procedures, including diagnosis of genetic disorders of the fetus in cases of high-risk pregnancy and participation in the Expanded Alpha Feto Protein (AFP) program of the State Department of Health Services.
- C. Medically Necessary health care of the newborn child for the first thirty-one days after birth, if the child meets eligibility requirements, regardless of the timeliness of enrollment.
- D. Inpatient hospital care for forty-eight (48) hours following a normal vaginal delivery and ninety-six (96) hours following a delivery by cesarean section, unless an extended stay is Authorized by the Plan. If the treating physician, in consultation with the mother, decides to discharge the mother and newborn before the 48 or 96 hour time period, the Plan will cover a post-discharge follow-up visit within 48 hours of discharge when prescribed by the treating physician. The visit shall include parent education, assistance and training in breast or bottle-feeding, and the performance of any necessary maternal or neonatal physical assessments. The treating physician in consultation with the mother shall determine whether the post-discharge visit shall occur at home, at the hospital, or at the treating physician's office after assessment of transportation needs of the family, environmental and social risks.

Preventive Health Services

For preventive health purposes, a periodic health evaluation and diagnostic preventive procedures are covered, based on recommendations published by the U.S. Preventive Services Task Force, the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention and the Health Resources and Services Administration, as well as generally medically accepted cancer screening tests subject to all terms and conditions that would normally apply.

Periodic physical examination and health screening, as required by Plan standards, guidelines, protocols and procedures, as adopted by VCHCP from time to time, and as scheduled by the PCP and Members.

Preventive care services are provided without enrollee cost-sharing. Visits for preventive care that also include non-preventive services, assessments, or discussions are subject to the applicable visit copay.

- A. **For Children:** periodic health examinations, including all routine diagnostic testing and laboratory services appropriate for such examinations consistent with the most current Recommendations for Preventative Pediatric Health Care, as adopted by the American Academy of Pediatrics; and the most current version of the Recommended Childhood Immunization Schedule/United States adopted by the Advisory Committee on Immunization Practices (ACIP). For persons through the age of 16, this includes vision and hearing testing to screen for deficiencies. This does not apply to refraction exams. The frequency of such examinations shall not be increased for reasons which are unrelated to the medical needs of the member including: a member's desire for physical examinations; or reports or related services for the purpose of obtaining or maintaining employment, licenses, insurance, or a school sports clearance. As recommended by U.S. Preventive Services Task Force (USPSTF), clinicians shall provide tobacco use interventions for: children and adolescents, including education or brief counseling, to prevent initiation of tobacco use in school-aged children and adolescents.
- B. **For Adults:** Periodic health examinations including all routine diagnostic testing and laboratory services appropriate for such examinations. This includes coverage for cancer screening tests including prostate-specific antigen testing and digital rectal examination for the diagnosis of prostate cancer, mammograms and annual cervical cancer screening tests. Coverage for an annual cervical cancer screening test shall include the conventional Pap test, human papilloma virus (HPV) screening test that is approved by the Federal food and Drug Administration (FDA), and the option of any cervical cancer screening test approved by the FDA." The frequency of such examinations shall not be increased for reasons which are unrelated to the medical needs of the member including: a member's desire for physical examinations; or reports or related services for the purpose of obtaining or maintaining employment, licenses, insurance, or a school sports clearance. As recommended by USPSTF, clinicians shall provide tobacco use counseling and interventions for: non-pregnant adults. Clinicians shall ask all adults about tobacco use and provide tobacco cessation interventions for those who use tobacco products. Additional interventions related to tobacco use counseling for pregnant women are that clinicians shall ask all pregnant women about tobacco use and provide augmented, pregnancy-tailored counseling to those who smoke.

For additional information related to Preventive Care Services, visit the Plan's website at:

<http://www.vchealthcareplan.org/>, or for a detailed list of recommendations, visit the USPSTF website at: <http://www.uspreventiveservicestaskforce.org/Page/Name/recommendations>

Professional Services

Services and consultations by a physician or other licensed health care provider acting within the scope of his or her license are covered when Medically Necessary and may require Authorization by the Plan. Professional services include but are not limited to:

- Primary Care visits for evaluations and treatment.
- Physician specialist visits for consultation, evaluation, and treatment
- Non-physician specialist visits for consultation, evaluation and treatment

Primary care services must be obtained from a primary care provider who has the responsibility for providing initial and primary care to patients, for maintaining the continuity of patient care, and for initiating referrals for specialist care. This means providing care for the majority of health care problems, including but not limited to, preventive services, acute and chronic conditions and psychosocial issues.

Specialist services must be obtained from an In-Network provider, unless services are otherwise Authorized by the Plan.

Surgery, assistant surgery and anesthesia (inpatient or outpatient); inpatient hospital and skilled nursing facility visits; professional office visits including visits for allergy tests and treatments, radiation therapy, chemotherapy, and dialysis treatment; and home visits are covered when Medically Necessary and Authorized by the Plan.

Professional services may be provided via Telemedicine Services.

Prosthetic and Orthotic Services

Prosthetic and Orthotic Services are covered when Medically Necessary and Authorized by the Plan and when the following requirements are met:

- Provided by an In-Network Provider and:
- Prescribed by a physician acting within the scope of his or her license, or is ordered by a licensed health care provider acting within the scope of his or her license

These services include but are not limited to; corrective appliances, artificial aids, and therapeutic devices, including fitting, repair, replacement, and maintenance, as well as devices used to support, align, prevent, or correct deformities of a movable part of the body (orthotics); devices used to substitute for missing body parts (prosthesis); devices implanted surgically including intraocular lenses after cataract surgery; breast prosthesis to restore and achieve symmetry for Members incident to a mastectomy for cancer; prosthetic devices and installation accessories to restore a method of speaking following the removal of all or part of the larynx; podiatric devices to prevent or treat diabetes-related complications; visual aids, excluding eyewear, to assist the visually impaired with proper dosing of insulin. Prosthetic services are *not* covered when provided for other than a Medical Necessity (e.g., for cosmetic purposes), except after mastectomy.

Reconstructive Surgery Services

Reconstructive Surgery is covered when Medically Necessary and Authorized by the Plan to restore and achieve symmetry and surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors or disease in order to improve function.

The Plan covers reconstructive surgery following a mastectomy to include reconstruction of the breast on which the mastectomy has been performed, surgery and reconstruction of the other breast to produce symmetrical appearance; and physical complications for all stages of a mastectomy, including lymphedema.

Rehabilitation and Habilitation Services

Rehabilitation and Habilitation services are covered when Medically Necessary and Authorized by the Plan. These services can be performed in an outpatient or inpatient setting.

Rehabilitation Services means health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services may include physical and occupational therapy, speech-language pathology and therapy, and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Habilitation Services means Medically Necessary health care services and health care devices that assist an individual in partially or fully acquiring or improving skills and functioning and that are necessary to address a health condition, to the maximum extent practical. These services address the skills and abilities needed for functioning in interaction with an individual's environment. Examples of health care services that are not Habilitative services include, but are not limited to, respite care, day care, recreational care, residential treatment, social services, custodial care, or education services of any kind, including, but not limited to, vocational training. Habilitative services shall be covered under the same terms and conditions applied to rehabilitative services.

The Plan may require periodic evaluations as long as the therapy is provided. Such evaluations may use significant improvement as part of the determination of Medical Necessity. All such services must be obtained from licensed and/or certified therapists, as applicable except for services obtained from qualified mental or behavioral health specialists.

Skilled Nursing Facility Services

Non-custodial care in a licensed skilled nursing/extended care, and acute rehabilitation facility or area of a hospital is covered when Medically Necessary and Authorized by the Plan. Services are limited to one hundred (100) combined days per plan year, subject to the provision that no

continuous length of stay will exceed sixty (60) days.

- A. A room of two or more beds, including meals, services of dietitian and general nursing care. A private room may be provided if Medically Necessary and Authorized by the Plan. If a private room is used without Authorization, an allowance of the average semiprivate (two-bed) room rate of the facility will be made toward the room charge for the accommodations occupied. The Member may be financially responsible for the balance.
- B. Laboratory testing.
- C. Drugs which are not Investigational and/or Experimental and are supplied by and used in the facility.

Transplant Services

Hospital and professional services provided in connection with transplants are covered when Medically Necessary and Authorized by the Plan. Services related to obtaining the human organ transplant material from a living donor or an organ transplant bank will be covered. Reasonable charges for testing of relatives (children, parents, whole siblings, siblings, and half-siblings of the candidate) for matching transplants will be covered. Transplant procedures must be performed at an appropriately certified facility.

Vision Services

Annual Vision Exam

Annual refraction (vision check) exams are covered when provided by a licensed optometrist or ophthalmologist. Member must submit a reimbursement claim form to the Plan, accompanied by a receipt, within 180 days of the date of service. Any remaining out of pocket expense not covered by the reimbursement does not accumulate to the out-of-pocket maximum. Authorization is not required for such examination. Please see Preventive Health Services Section for additional benefit information on vision screening testing for members through the age of 16 years old.

Urgent Care Services

All Medically Necessary Urgent Care Services provided by an In-Network urgent care facility in the Service Area are covered when the illness or injury meets the Plan's Urgently Needed Care definition.

Out-of-Area Urgent Care services are covered while the member or eligible dependents are outside the Service Area. Out-of-Area Urgent Care services are covered if:

- (a) You are temporarily outside the Plan's Service Area, and
- (b) The services are necessary to prevent serious deterioration of your health, or your fetus, and

(c) Treatment cannot be delayed until you return to the Plan's Service Area.

No Authorization is required.

SUMMARY OF BENEFIT EXCLUSIONS

The items and services listed in this Summary of Benefit Exclusions section are excluded from coverage. These exclusions apply to all services that would otherwise be covered under this *EOC* regardless of whether the services are within the scope of a provider's license or certificate or the provider orders or writes a prescription for an item or service.

This section does not contain an all-inclusive list of the limitations, exclusions, and restrictions that may also be present in the rest of the *EOC*. The *EOC*, as a whole, contains most benefit limitations, exclusions, and restrictions. **It is very important to read this section before you obtain services in order to know what VCHCP will and will not cover.**

VCHCP does not cover the services or supplies listed below. Also services or supplies that are excluded from coverage in the *EOC*, exceed *EOC* limitation, or are follow-up care to *EOC* exclusions or limitations, may not be covered.

1. Air Purifiers, air conditioners, humidifiers or dehumidifiers
2. Alternate birthing center or home delivery. Home birth is only covered when the criteria for Emergency Care, as defined in this *EOC*, have been met. Midwife services are not covered.
3. Alternative Care Services such as faith healing including but not limited to: Christian Science Practitioner; Homeopathic medicine; Hypnotherapy; Sleep therapy; Biofeedback unless Medically Necessary for the treatment of PDD or Autism; Behavior therapy unless determined to be Medically Necessary.
4. Conception by medical procedures. VCHCP does not cover certain services or supplies that are intended to impregnate a woman. Excluded procedures are as follows, but are not limited to:
 - a. In-vitro fertilization (IVF), including zygote intrafallopian transfer (ZIFT), artificial insemination, and supplies (including injections and injectable medications) which prepare the Member for these services.
 - b. Collection, storage, or purchase of sperm or ova.
5. Cosmetic surgery, which is a surgery primarily performed to alter or reshape normal structures of the body to improve appearance which is not Medically Necessary. All services to retard or reverse the effects of aging of the skin or hair, including Retin-A, and tattoo removal.
[Medically Necessary Emergency Care as a result of complications from non-covered services are Covered Services. Reconstructive Surgery services are Covered Services.]

6. Custodial or Domiciliary Care including domestic services, with the exception of those services provided as a part of Hospice Care Plan, are not covered if the services and supplies are provided primarily to assist with the activities of daily living, regardless of where performed, unless Medically Necessary for the treatment of PDD or Autism. Custodial Care is not covered even when the patient is under the care of a supervising or attending Physician and services are being ordered and prescribed to support and generally maintain the patient's condition, or provide for the patient's comforts, or ensure the manageability of the patient. Furthermore, Custodial Care is not covered even if ordered and prescribed services and supplies are being provided by a registered nurse, a licensed vocation nurse, a licensed practical nurse, home health aide, a Physician Assistant or rehabilitative (physical, occupational or speech) therapist.
7. Dental services including care of teeth, gums or dental structures, extractions or corrections of impactions, crowns, inlays, onlays, bridgework, other dental appliances, dental implants, dental prosthetics, dental splints; Orthodontic services, including braces and appliances. Except in the following situations:
 - a. When Dental examinations and treatment of the gingival tissues are performed for the diagnosis or treatment of a tumor.
 - b. When immediate Emergency Care to sound natural teeth as a result of an accidental injury is required.
8. Disorders of the Jaws except in the following situations:
 - a. Services to correct abnormally positioned or improperly developed bones of the upper or lower jaw are covered if the services are required due to recent injury, the existence of cysts, tumors or neoplasms, or a disorder which inhibits normal function, and they are Medically Necessary.
 - b. Services to correct disorders of the temporomandibular (jaw) joint (also known as TMJ disorders) are covered and subject to copayment if they are Medically Necessary.
9. Disposable supplies for home use that are available over-the-counter, such as dressing, surgical or incontinence supplies.
10. Durable medical equipment, devices or appliances, including but not limited to:
 - a. Exercise equipment
 - b. Hygienic equipment and supplies (to achieve cleanliness even when related to other covered medical services).
 - c. Stockings, corrective shoes, and arch supports.
 - d. Replacement equipment, devices, or appliances due to an item being lost, misplaced, stolen, or damaged due to improper usage.
11. DME that is for the personal convenience of Members or a caretaker.
12. Elevators, chair lifts, wheelchair ramps, or similar items.

13. Emergency room services for Non-Emergency purposes.
14. Non-Emergency Services provided outside VCHCP's Service Area without an Authorization from the VCHCP Medical Director.
15. Exercise programs, certain dietary supplements and weight reduction programs, except those prescribed during a Bariatric Surgical program.
16. Expenses incurred for services and benefits rendered prior to VCHCP Member's effective date of Coverage, after date of Coverage termination, or if covered as an extended benefit for Total Disability by prior health insurance.
17. Experimental or investigational services – VCHCP does not cover experimental drugs, devices, procedures or other therapies except when:
 - a. Independent review deems them appropriate;
 - b. Clinical trials for cancer patients are deemed appropriate
 - c. No alternative treatment options exist and the Member has a life-threatening or seriously debilitating condition; or

Please see the section titled Independent Medical Review (Experimental/Investigational) for additional information.

18. Eyeglasses or contact lenses; including furnishing, fitting, installing or replacing, Radial Keratotomy and other refractive procedures, and eye exercises are excluded, with the exception of contact lenses which are covered for the treatment of keratoconus. Eye refractions for the purpose of determining the need for eyeglasses or contact lenses; routine vision exams for Members seventeen (17) years of age or older.
19. Foot care, including but not limited to; routine trimming of corns, calluses, and nails, except for diabetic members.
20. Hearing Aids; including furnishing, fitting, installing or replacement. Hearing tests for the purpose of obtaining hearing aids. Hearing examinations for Members seventeen (17) years of age or older except as Medically Necessary.
21. There is no coverage for any medical opinion beyond the Authorized second opinion. Please see the Second Medical Opinions description section on pages 12-14 for further details.
22. Modification, alteration or other renovation of members home/dwelling to accommodate medical equipment or appliances.

23. Non-prescription (over-the-counter), medications, medical equipment or supplies that can be purchased without a licensed provider's prescription, even if a licensed provider writes a prescription for a non-prescription item, except as specifically provided under the Home Health Care Services, Hospice Care, Durable Medical Equipment, and Prosthetic and Orthotic Services sections.
24. Orthotics which are not custom made to fit the Member's body, except as medically necessary for fracture care and/or after a surgical procedure.

Foot orthotics (whether or not custom fit) that are not incorporated into a cast, splint, brace or strapping of the foot are not covered, except in the following situations:

- members with diabetes who need foot orthotics to prevent or treat diabetic foot complications
- members needing post-surgical stabilization in place of a cast
- members with any foot disfigurement due to:
 - cerebral palsy
 - arthritis
 - polio
 - spina bifida
 - diabetes
 - accident or developmental disability

25. Physical examinations, ancillary tests, and reports for the purpose of obtaining or continuing employment, insurance, government licensure, travel (please refer to approved vaccine list for exceptions), school admissions, premarital purposes, camp or school physical, school or non-school related sporting activities, health screening for adoption clearance, jail or prison medical clearance, medical clearance for behavioral health facility or program clearance, compliance with court order, or for purposes of obtaining or retaining certification or licensure.
26. Private duty nursing for patients in a hospital or long-term care facility.
27. Recreational, art, dance, sex, sleep, or music therapy and other similar therapies.
28. Saunas, Jacuzzi, whirlpools, other pools and other like devices.
29. Services and items not provided for or arranged by VCHCP, PCP or other In-Network Provider with the exception of in and out-of-area Emergency or Urgently Needed Services.
30. Services required by court order or as a condition of parole or probation,
31. Services, supplies or benefits that are not Medically Necessary or specifically identified in the Covered Services section.

32. Supplies for comfort, hygiene, or beautification, unless Medically Necessary, including but not limited to; cosmetics, hair pieces, toupees, and wigs.
33. Surrogate pregnancy, one in which a woman has agreed, for compensation, to become pregnant with the intention of surrendering custody of the child to another person.
34. Testing or evaluation for custody, education, or for vocational purposes.
35. Reversal of sterilization.
36. Treatment for disability, illness or injury incurred while committing a felony.
37. Vehicle or customization of a vehicle to accommodate medical equipment or appliances.
38. Work-related illnesses or injuries (workers compensation), or services provided or arranged by another governmental agency.

Circumstances Beyond VCHCP's Control: In the event of circumstances not reasonably within the control of VCHCP, such as a complete or partial destruction of facilities, war, riot, civil insurrection, disability of a significant part of VCHCP personnel or similar causes, the rendering of Covered Services is delayed or rendered impractical, neither VCHCP nor any In-Network Providers shall have any liability or obligation on account of such delay or such failure to provide Covered Services. In such circumstances, VCHCP will make all reasonably practicable efforts to provide or arrange for Covered Services.

Major Disasters or Epidemics: In the event of any major disaster or epidemic, VCHCP shall render the Covered Services insofar as practical, according to VCHCP's best judgment, within the limitation of such facilities, financial resources, and personnel as are available. However, VCHCP shall not have any liability or obligation for the delay or failure to provide, or arrange Covered Services due to lack of available facilities or personnel if reasonable efforts have been made to arrange for such care, but it is unavailable as the result of disaster or epidemic.

Refusal of Treatment: Coverage is not provided for care of conditions where a Member has refused recommended treatment.

CONTINUITY OF CARE

Continuity of Care for New Enrollees by an Out-of-Network Provider: If on the date your eligibility with VCHCP becomes effective, you are in the midst of a course of treatment, as described below (including, but not limited to hospitalization), being provided by an Out-of-Network Provider you may request the Plan to arrange for you to receive continuation of Covered

Services from the Out-of-Network Provider, including continuation of Covered Services received from an out-of-network hospital. Such treatment must be:

- for an acute condition, for the duration of that condition,
- for a serious chronic condition, not to exceed twelve (12) months from your effective date of enrollment,
- for a pregnancy including the duration of the pregnancy and immediate postpartum care,
- for a terminal illness, for the duration of the illness,
- for care for children from birth to age thirty-six (36) months, not to exceed twelve (12) months from your effective date of enrollment, or
- if you have a surgery or other procedure that has been recommended by the Out-of-Network Provider to occur within one hundred eighty (180) days of the effective date of coverage.

The Out-of-Network Provider must agree in writing to be subject to, and then must comply with, all contractual provisions that are imposed upon currently contracting non-capitated Providers providing similar services including, but not limited to, credentialing, hospital privileging, utilization review, peer review, and quality assurance requirements. Compensation is to be similar to that used by the Plan for currently contracting non-capitated Providers providing similar services. If such a Provider does not agree to such terms, conditions, and rates, the Plan is not obligated to continue to provide such services.

The duration for completion of Covered Services varies depending on the presenting condition. To receive further information, to receive a copy of the Plan's Continuity of Care Policy, or to request the Plan to arrange for continuity of care from an Out-of-Network Provider, please contact Member Services at (805) 981-5050. This policy describes how you may request a review of your current medical condition by the Plan.

Continuity of Care with a Terminated Provider: If the contract between the Plan and your Provider terminates or does not renew for reasons or cause unrelated to medical disciplinary action, fraud or other criminal activity, you may request the Plan to arrange for you to receive continuation of Covered Services in the following situations:

- ongoing treatment for an acute condition,
- a serious chronic condition,
- a pregnancy including the duration of the pregnancy and immediate postpartum care, a terminal illness,
- care for children from birth to age thirty-six (36) months,
- if you have a surgery or other procedure that has been authorized by the Plan as part of a documented course of treatment and recommended and documented by the provider to occur within one hundred eighty (180) days of the contract's termination date.

Continuity of care by a terminated provider will not be provided if the terminated provider was terminated for fraud or criminal activity. Please note that this includes continuation of Covered Services received from a terminated hospital. The terminated Provider must agree in writing to be subject to, and then must comply with, all contractual provisions that were in effect prior to termination or non-renewal including, but not limited to, credentialing, hospital privileging, utilization review, peer review, and quality assurance requirements. Compensation is to be similar to that used

by the Plan for currently contracted non-capitated Providers providing similar services. If the terminated Provider does not agree to such terms, conditions, and rates, the Plan is not obligated to continue to provide such services.

The duration for completion of Covered Services varies depending on the presenting condition. To receive further information, to receive a copy of the Plan's Continuity of Care Policy, or to request the Plan to arrange for continuity of care from a terminated Provider, please contact Member Services at (805) 981-5050. This policy describes how you may request a review of your current medical condition by the Plan.

At least sixty (60) days prior to termination of a contract with a medical group or general acute care hospital, the Plan will send written notice to members who are assigned to the terminated medical group or live within the customary Service Area of the hospital.

Issues regarding Continuity of Care concerning behavioral health and/or substance use disorder benefits provided by Optum Health Behavioral Solutions should be addressed to:

**Optum Health Behavioral Solutions
P.O. Box 2839
San Francisco, CA 94126**

Or at the Optum Health Behavioral Solutions website: www.liveandworkwell.com

Phone: (800) 851-7407

COORDINATION OF BENEFITS, THIRD PARTY AND MEMBER LIABILITY

Coordination of Benefits: If you receive Covered Services from VCHCP, and you are eligible for the same services under any other plan or contract providing services or benefits for medical care, payment for the Covered Services shall be coordinated in accordance with the provisions of State law and the regulations promulgated there under, and the applicable policies of VCHCP. If VCHCP pays benefits greater than it should have under the applicable Coordination of Benefits (COB) provision, VCHCP shall have the right to recover the excess payment from any other person or entity which may have benefitted from the overpayment. As a Member, you agree to assist VCHCP in recovering any overpayments.

When a Member is covered under more than one health care plan, COB rules determine the order in which multiple insurance carriers pay your health plan bills, and how much each will pay. One plan is designated as the primary plan and the other as secondary. These rules apply in determining which plan pays first:

The plan that covers a Member in his/her capacity as an employee is the Member's primary plan.

1. For dependent children living with both parents, the primary plan is determined by the birthday rule: the plan of the parent whose birthday (month and date) falls earlier in the year is primary. The plan of the parent whose birthday falls later in the year is secondary.
2. The primary plan for dependent children of separated or divorced parents is the plan of the parent with custody of the child, followed by the plan of the spouse of the parent with custody, then the plan of the parent without custody of the child.
3. The Plan follows the California Code of Regulations specific to Coordination of Benefits.
4. Medicare is generally a secondary payor for active employees and their dependents.

In order for the Plan to act as a secondary payor for non-emergency services, a Plan Provider must be used and the services must be authorized by the Plan. Proof of Authorization by the primary payor may be required. VCHCP will coordinate benefits with your primary insurer up to the amount that VCHCP would have been responsible for paying under VCHCP provisions in the absence of any other insurance.

Third Party Liability: VCHCP will furnish Covered Services in case of injury, illness caused by a third party and complications incident thereto, such as injuries from an automobile accident. As a Member, you agree to reimburse VCHCP or the Provider, as appropriate, the reasonable cost of hospital services, from any payment you receive from the third party, such as an automobile insurance company, after deducting your reasonable attorney's fees and costs. You also agree to reimburse VCHCP or the Provider, as appropriate, the reasonable cost of non-hospital medical services provided on a fee-for-service basis, and the amount equal to eighty percent (80%) of the prevailing usual and customary charge of non-hospital medical services provided on a capitated basis from any payment you receive from the third party. However, for non-hospital medical services, the maximum amount you owe VCHCP is one-half of the moneys due you under a judgment, compromise or settlement agreement if you do not use an attorney or if you use an attorney, one-third of the moneys due you under the agreement, less one-third of your reasonable attorney's fees and costs. In the event that you settle claims for any injury caused by a third party, and the settlement agreement does not specifically include payment for medical costs, VCHCP or the Provider, as appropriate, nevertheless, will have a lien against any such settlement for the same amount as would apply if medical costs were specifically mentioned in the agreement. You shall agree to cooperate in protecting the Plan's interest under this provision, and to execute and deliver to VCHCP any and all assignments or other documents which may be necessary or proper to fully and completely effectuate and protect the rights of VCHCP.

Non-Liability of Member: In the event that VCHCP fails to pay an In-Network Provider, the Member shall not be liable to the In-Network Provider for any sums owed by VCHCP. As required by California law, every contract between VCHCP and an In-Network Provider contains a provision to this effect. In-Network Providers are contractually required to accept VCHCP's payments on behalf of the Member for Covered Services and will not assert against the enrollee statutory or other lien rights that may exist. However, in the event you seek non-Covered Services, such as non-Emergency

Care from an Out-of-Network Provider, you may be liable to that provider for the cost of such services.

Reimbursement Procedures: You must submit any claims for reimbursement of payment you made for Plan benefits, such as claims for Emergency Care, within one hundred eighty (180) days from the date of first service. VCHCP will accept claims after this time limit if you show that you have, in good faith, attempted to provide these claims to the Plan within this time limit. Claims should be submitted to: Ventura County Health Care Plan, 2220 E. Gonzales Road, Suite 210-B, Oxnard, CA 93036.

PREMIUMS: An enrollee under a group contract may be referred to the group contract holder for information on any amount to be withheld from the enrollee's salary or to be paid by the enrollee to the employer/group contract holder."

TERMINATION OF BENEFITS

This section describes the conditions under which enrollment in VCHCP may be terminated.

Loss of Eligibility: If you or your Dependent no longer meets the eligibility requirements of VCHCP described in the Eligibility, Enrollment and Effective Dates section, you and/or your enrolled Dependents will be terminated automatically at midnight on the last day of the pay period after the pay period in which loss of eligibility occurs. If enrollment terminates under certain circumstances, you and/or your enrolled Dependents may be able to obtain continuing coverage from VCHCP as explained below.

Proof of Creditable Coverage: Within thirty (30) days of termination of you and/or your Dependent's Coverage, VCHCP will mail you evidence of creditable coverage. This document will include your most recent dates of continuous coverage under VCHCP.

Termination by VCHCP: You and your enrolled Dependents may be terminated from VCHCP for any of the following reasons. If membership is terminated for any of these reasons, all rights to Covered Services cease as of the date of termination, and there is no right to continuing coverage or to convert to (Individual) Conversion Coverage. All such terminations are subject to VCHCP's grievance procedure.

1. Failure to furnish material information or furnishing incorrect or incomplete material information: Each Member warrants that all material information contained in enrollment applications, questionnaires, forms or statements submitted to VCHCP incident to enrollment is correct and complete. If you fail to furnish required information or you furnish incorrect or misleading material information, VCHCP may terminate you and your enrolled Dependent's membership, effective as of the date you failed to furnish material information or furnished incorrect or misleading material information. You may be liable for the costs of services rendered subsequent to such act. This includes information submitted or requested to verify Dependent status.

2. **Fraud or deception:** If you engage in fraud or deception in the use of the services or facilities of VCHCP or knowingly permit such fraud or deception by another person, then VCHCP may terminate your Coverage effective as of the date the fraud or deception was committed. This includes, but is not limited to, permitting the use of your Plan identification card by any other person.
3. **Non-payment:** If you or the Group fail to pay, or fail to make satisfactory arrangements to pay, any amount due VCHCP for Coverage, including but not limited to Premiums and Copayments, VCHCP may terminate your Coverage, subject to the reinstatement provisions below. The Plan will send written notice of the termination to you at least (fifteen) 15 days before the termination date. If full payment is received before the termination date, the Plan will not terminate your membership.

If you receive notice that your coverage is being canceled or non-renewed due to failure to pay your Premium, VCHCP must provide you with a 30-day “grace period”. The grace period begins after the last day of paid coverage. VCHCP must continue to provide coverage during the grace period, though you will be financially responsible for the premium for the coverage provided during the grace period. The grace period must last at least 30 days from the date of this notice. During the grace period, you can avoid cancellation or nonrenewal

If you do not pay the Premium by the end of the grace period, your coverage will be terminated at the end of the grace period. You will still be legally responsible for any unpaid premiums you owe to VCHCP. If you wish to terminate your coverage immediately, contact VCHCP as soon as possible.

Extension of Coverage upon Total Disability: VCHCP will continue to provide Covered Services for Members who are Totally Disabled as of the date of the termination of the Agreement. Totally Disabled means:

- (a) that the Member, if an employee, is prevented, because of injury or disease, from performing his or her occupational duties and is unable to engage in any work or other gainful activity for which he or she is fitted by reason of education, training or experience, or for which he or she could reasonably become fitted or
- (b) that the Member, if a Dependent, is prevented because of non-occupational injury or non-occupational disease, from engaging in substantially all of the normal activities of a person of like age and sex in good health.

This extension of Coverage shall only: (a) provide Covered Services that are Medically Necessary to treat medical conditions causing or directly related to the Total Disability; and (b) remain in effect until the earlier of the date that:

1. The Member is no longer Totally Disabled;
2. The Member has exhausted the Covered Services available for treatment of the disabling condition;

3. The Member becomes eligible for coverage from another health benefit plan which does not exclude coverage for the disabling condition; or
4. Twelve (12) months from the Member's termination date under the Agreement.

INDIVIDUAL CONTINUATION OF BENEFITS

COBRA Continuation Coverage:

Qualifying Event

Upon timely election, COBRA Continuation Coverage (COBRA Coverage) shall begin on the date of loss of Coverage due to one of the following "qualifying events":

- a) the Subscriber's termination, retirement or separation from employment other than by reason of such Subscriber's gross misconduct
- b) reduction in the Subscriber's hours, or other change in employee status resulting in loss of eligibility for medical benefits
- c) the death of the Subscriber
- d) the divorce or legal separation of the Subscriber from the Subscriber's spouse (who is a Member)
- e) an enrolled child ceases to qualify as a Dependent
- f) a proceeding in a case under Title 11 of the United States Code involving the bankruptcy of the Group

Coverage will terminate on the earliest of:

- a) the date which is eighteen (18) months (or twenty-nine [29] months in the case of a disability extension) after the date of termination of Coverage due to a "qualifying event" specified in Paragraph a or b above, unless the Member has a second qualifying event (e.g., divorce) following the first qualifying event (e.g., Subscriber's employment termination) which changes the termination date; or
- b) the date which is thirty-six (36) months after date of termination of Coverage due to a "qualifying event" specified in Paragraph c, d, or e, above; or
- c) the date on which the Group ceases to provide any group health plan to any employee/retiree.

COBRA eligibility ceases when any of the following occur:

- a) the date on which Coverage ceases by reason of failure of the Member to pay the required Premium within the thirty (30) day grace period of the Premium due date (grace period does not apply to initial COBRA Premium); or
- b) the date (after the date of COBRA election) on which the Member becomes covered under any other group health plan that does not exclude or limit coverage for pre-existing conditions affecting the Member; or
- c) the date (after the date of COBRA election) on which the Member becomes entitled to Medicare benefits; or
- d) the date on which the Member voluntarily terminates COBRA Coverage; or
- e) the date on which the Member no longer permanently resides in the Service Area. Residing within the service area entails living inside the service area no less than 185 days of each year and complies with verification requests by the Plan.

Election Period

A Member must elect COBRA Coverage within the period within sixty (60) days prior to the date Coverage terminates by reason of a “qualifying event” and ending sixty (60) days after the date of the notice notifying the eligible person of the right to COBRA Coverage or the end of Coverage, whichever occurs last. Each Member is responsible for notifying the Plan of the occurrence of any “qualifying event” described above regarding divorce or legal separation or ceasing to qualify as a Dependent within sixty (60) days of the date of such “qualifying event” or the date on which the qualified beneficiary would lose Coverage because of the qualifying event, whichever is later. If the Member fails to provide such timely notice to the Plan, then such Member shall not be entitled to elect COBRA Coverage.

Cal-COBRA Coverage

The California Continuing Benefits Replacement Act (Cal-COBRA) requires an employer with nineteen (19) or fewer employees to provide for continuation of group coverage when certain events occur that would otherwise result in the loss of group coverage for its employees and/or their dependents.

In general, the Group is not subject to the provisions of Cal-COBRA because it is subject to COBRA. However, one provision of Cal-COBRA does apply to the Group. That provision requires the Group to provide additional group continuation coverage to certain employees and dependents who exhaust their Federal COBRA Coverage. The Plan provides this additional coverage for the Group under the terms of the Agreement.

You and/or your Dependents may be eligible for this additional coverage if you (or they) were entitled to less than thirty-six (36) months of COBRA Coverage, and elected and exhausted that coverage. If you are eligible for, and timely elect Cal-COBRA Coverage, you and/or your Dependents will receive coverage under Cal-COBRA for the number of additional months necessary to provide you with a

total of thirty-six (36) months of group continuation coverage from and after the date your COBRA Coverage started.

You (and/or your Dependents) will not be eligible for Cal-COBRA Coverage under certain circumstances. Such circumstances include, but are not limited to:

- Termination of the Agreement.
- You are eligible for Medicare benefits.
- You do not Reside permanently in the Service Area.

In addition, Cal-COBRA Coverage may be terminated prior to the end of the extended coverage period under certain circumstances. Such circumstances include, but are not limited to:

- Your non-payment of Premiums or voluntary termination of Coverage.
- You become eligible for coverage from another health benefit plan that does not exclude coverage for a pre-existing condition that applies to you.
- The Agreement ends.
- You become eligible for Medicare benefits.

The Premium for your Cal-COBRA Coverage may be as high as one hundred ten percent (110%) of your COBRA Coverage Premium. The Plan will notify you of the terms and conditions of Cal-COBRA Coverage, and of the exact Premium for such Coverage, in its notice to you of the pending termination of your COBRA Coverage.

Extension of Continuation Coverage

You, your spouse and your former spouse may be entitled to extension of COBRA Coverage/Cal-COBRA Coverage under certain circumstances. If at the time of termination of employment or reduction in hours, or at any time during the first sixty (60) days of COBRA Coverage, you are determined to be disabled for Social Security purposes, and you meet certain other criteria, you may be entitled to COBRA Coverage/Cal-COBRA Coverage for up to thirty-six (36) months after the original qualifying event. Also, if you were at least sixty (60) years old when you stopped working for the Group, and worked for the Group for at least the five (5) years immediately preceding your last day of work, and you elected COBRA Coverage, then you may be entitled to up to an additional five (5) years of Senior COBRA Coverage/Cal-COBRA Coverage. Effective January 1, 2005, Senior COBRA will not be available to COBRA and Cal-COBRA Members unless they qualified for Senior COBRA prior to January 1, 2005. Legislation (AB 254) enacted in 2004 amended Section 1373.621 of the Health & Safety Code and Section 10116.5 of the Insurance Code to eliminate Senior COBRA. Extended COBRA Coverage/Cal-COBRA Coverage may be terminated prior to the end of the extension period on the occurrence of certain events. You may obtain complete information on

extended COBRA Coverage/Cal-COBRA Coverage qualifying and termination events from the Member Services Department.

To extend COBRA Coverage/Cal-COBRA Coverage, you must notify the Plan in writing thirty (30) calendar days prior to the date the initial COBRA Coverage/Cal-COBRA Coverage is scheduled to end. You may obtain complete information on eligibility for, and the terms and conditions of, extension of COBRA Coverage/Cal-COBRA Coverage during total disability and after age sixty (60) from the Member Services Department.

The Premiums for extension of COBRA Coverage/Cal-COBRA Coverage during total disability or after age sixty (60) will be higher than Premiums payable during the initial COBRA Coverage/Cal-COBRA Coverage period. The Plan will provide you with detailed information on Premium amounts after the Plan receives all information required by the Plan for extension of COBRA Coverage/Cal-COBRA Coverage.

Deceased Peace Officers and Firefighters Survivor Benefit: Family members of a Subscriber who is a peace officer or firefighter killed in the line of duty, or who dies as the result of an accident or injury sustained in the performance of his or her duty, are entitled to continuing coverage as set forth in California Labor Code Section 4856.

Termination of the Group Agreement: If the Group terminates the Agreement and replaces it with similar coverage under another group contract within fifteen (15) days of the date of termination of the Group coverage or the Subscriber's participation, or if VCHCP terminates the Agreement because of nonpayment of the Premiums, Coverage of all Members enrolled through the Group will terminate on the date the Agreement terminates. You will have no right to continue Coverage or to convert to (Individual) Conversion Coverage. If VCHCP terminates the Agreement for any reason other than non-payment by the Group of the Premiums, VCHCP may, at its option, offer continuation of Coverage or conversion to (Individual) Conversion Coverage to all Members enrolled through the Group.

Appeal of Termination: If you or your Dependent believe that VCHCP failed to renew or canceled Coverage due to you or your Dependent's health status or requirement for health care services, you may request a review by the Director of the Department of Managed Health Care. If the Director finds that such a claim exists, the Director will notify VCHCP. Following notification, VCHCP has fifteen (15) days to request a hearing or reinstate you or your Dependent's Coverage. VCHCP shall be liable for any claims incurred from the date of cancellation or non-renewal to the date of reinstatement.

Right to Request Review of Rescission, Cancellation, or Non-renewal of Your Enrollment or Subscription

If you believe that your health plan enrollment or subscription has been, or will be, improperly rescinded, canceled, or not renewed, you have the right to file a complaint. A complaint is also called a grievance or appeal.

First, file your complaint with VCHCP:

You may file a complaint with VCHCP by calling (805) 981-5050 or (800) 600-8247, online by visiting <http://www.vchealthcareplan.org/>, or by writing to the Plan at:

Ventura County Health Care Plan
2220 E. Gonzales Rd #210-B
Oxnard, CA 93036

You should file your complaint as soon as possible after you receive notice that your health plan enrollment or subscription will be rescinded, canceled, or not renewed.

If your problem is urgent, VCHCP must give you a decision within 3 days. Your problem is urgent if there is a serious threat to your health that must be resolved quickly.

If your problem is not urgent, VCHCP must give you a decision within 30 days.

To take your complaint to the California Department of Managed Health Care (DMHC).

The DMHC oversees HMO's and other health plans in California and protects the rights of HMO members. You can file a complaint with the DMHC if:

You are not satisfied with VCHCP's decision about your complaint, or

You have not received the decision within 30 days, or within 3 days if the problem is urgent.

The DMHC may allow you to submit a complaint directly to the DMHC, even if you have not filed a complaint with your health plan, if the DMHC determines that your problem requires immediate review.

An optional DMHC complaint form is available at www.hmohelp.ca.gov

For help, contact:

Help Center, DMHC
980 Ninth Street, Suite 500
Sacramento, CA 95814-2219
TDD: 1-877-688-9891
FAX: 1-916-255-5241
www.hmohelp.ca.gov

There is no charge to call. Help is available in many languages.

Reinstatement: Notwithstanding any other provision to the contrary, receipt by the Group or VCHCP of the proper Premium after termination of Coverage for nonpayment will reinstate the Coverage as though there never was a termination. The Premium must be received on or before the due date for the succeeding Premium (within the thirty (30) day grace period of the Premium due date).

* Per Diem nurses, County Extra Help, and intermittent employees are NOT eligible for COBRA or Cal-COBRA.

GENERAL PROVISIONS

Confidentiality of Medical Information: A STATEMENT DESCRIBING OUR POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST. This statement includes the following information: (a) A description of how VCHCP protects the confidentiality of medical information and that any disclosure beyond the provisions of law is prohibited. (b) A description of the types of medical information that may be collected, the sources used to collect the information, and the purposes for which medical information is collected from health care providers. (c) The circumstances under which medical information may be disclosed without prior Authorization as permitted by law. (d) How members may obtain access to copies of medical information created by and in the possession of the Plan or a contracting organization.

Notifying You of Changes in the Plan: VCHCP publishes a Member newsletter that the Plan distributes to all Subscribers. Subscribers will be informed of changes in the Benefit Plan which occur during the benefit year in this newsletter. Such changes may include, but are not limited to, changes in benefits or implementation of new State regulations for health care service plans licensed by the Department of Managed Health Care. The Plan will provide written notice of changes in Premiums at least thirty (30) days prior to the contract renewal effective date.

How Providers Are Compensated: Most In-Network Providers are paid on a fee-for-service basis. This means the Provider is paid according to the amount of Covered Services provided to Members. Some In-Network Providers are paid an individual monthly capitation fee. This is a fixed amount that is paid to the Provider each month that is unrelated to the amount of Covered Services provided to the Member. Monthly capitation fees paid to Providers do not include or depend on the cost or number of specialist referrals or pharmacy services.

Refunds: If your Coverage is terminated, Premiums received on account of you and your Dependents, applicable to periods after the effective date of termination, plus amounts due on claims, if any, less any amounts due to VCHCP or In-Network Providers, will be refunded within thirty (30) days and neither VCHCP nor any In-Network Provider will have any further liability or responsibility under the Agreement.

Standing Committee Participation by Subscribers: VCHCP's Standing Committee includes Member representatives. If you wish to address the Committee at one of their regularly scheduled meetings, you must write to the Committee at VCHCP's address noted below. The Standing Committee will hear any matter of public policy related to the Plan. If you wish to become a member of the Standing Committee, please write to the Plan stating your request.

Ventura County Health Care Plan
2220 East Gonzales Road #210-B
Oxnard, CA 93036

MEMBER GRIEVANCE PROCEDURE

You may register complaints and file appeals with VCHCP by calling, writing, faxing, or completing the online grievance form at www.vchealthcareplan.org:

Ventura County Health Care Plan
2220 E. Gonzales Road, Suite 210-B
Oxnard, CA 93036
Phone Number (805) 981-5050 or (800) 600-8247
Fax Number: (805) 981-5051

The Member grievance procedure is designed to provide a meaningful, dignified and confidential process for the hearing and resolving of problems and complaints. VCHCP makes complaint forms available at its offices and provides complaint forms to each In-Network Provider. A Member may initiate a grievance in any form or manner (written, online, fax, email, form, letter, or telephone call to the Member Services Department). Enrollees may file a grievance within 180 calendar days following an incident or action that is the subject of the enrollee's dissatisfaction. When VCHCP is unable to distinguish between a complaint and an inquiry, the communication shall be considered a complaint that initiates the Member grievance procedure.

The Plan shall provide written acknowledgment of a Member's grievance within five (5) days of receipt. The Plan shall provide a written response to a grievance within thirty (30) days of receipt. If, however, the case involves an imminent and serious threat to the health of the Member, including, but not limited to, severe pain, potential loss of life, limb, or major bodily function, the Plan shall provide an expedited review. The Plan shall provide a written statement on the disposition or pending status of a case requiring an expedited review no later than three (3) days from receipt of the grievance.

In cases where it is medically necessary, the Plan may complete the review in less than 24 hours based upon the nature of the enrollee's medical condition. The Plan will notify the requesting physician by telephone or facsimile within 24 hours of making a decision and will notify the physician and enrollee in writing within two business days of making the determination.

If a grievance/complaint is received pertaining to a denial of services to a member with a terminal illness, the Plan shall provide the member with a statement setting forth the specific medical and scientific reasons for denying the coverage.

The Plan shall provide the member with a description of alternative treatments, services, and/or supplies covered by the Plan.

The member shall also within 5 days be provided with copies of the Plan's grievance procedures and complaint forms, with an offer to attend a conference with the Plan within 30 calendar days. The Plan shall make available a conference time within five (5) business days if the treating physician determines, after consultation with the health plan's medical director or his or her designee, based on standard medical practice, that the effectiveness of either the proposed treatment, services, or supplies

or any alternative treatment, treatment, services, or supplies covered by the Plan, would be materially reduced if not provided at the earliest possible date.

Appealing a Behavioral Health Benefit Decision

Grievances pertaining to Mental/Behavioral Health or Substance Use Disorders provided by OptumHealth Behavioral Solutions should be directed to:

Optum Health Behavioral Solutions

Attn: Appeals Department

P.O. Box 2839

San Francisco, CA 94126

Or at the Optum Health Behavioral Solutions website: www.liveandworkwell.com

Phone: (800) 851-7407

The individual initiating the appeal may submit written comments, documents, records, and any other information relating to the appeal regardless of whether this information was submitted or considered in the initial determination. The Member may obtain, upon request and free of charge, copies of all documents, records, and other information relevant to the Member's appeal. An individual, who is neither the individual who made the initial determination that is the subject of the appeal nor the subordinate of that person, will review the appeal.

The Life Strategies/OHBS Medical Director (or designee) will review your appeal and make a determination within a reasonable period of time appropriate to the circumstances but not later than thirty (30) days after Life Strategies/OHBS's receipt of the appeal, except in the case of "expedited reviews" discussed below. For appeals involving the delay, denial, or modifications of Behavioral Health Services, Life Strategies/OHBS's written response will describe the criteria or guidelines used and the clinical reasons for its decision, including all criteria and clinical reasons related to Medical Necessity. For determinations delaying, denying, or modifying Behavioral Health Services based on a finding that the services are not Covered Services, the response will specify the provisions in the plan contract that exclude that coverage. If the complaint is related to quality of care, the complaint will be reviewed through the procedure described in the section of this *Combined Evidence of Coverage and Disclosure Form* titled **Member Grievance Procedure**.

INDEPENDENT MEDICAL REVIEW OF GRIEVANCES INVOLVING A DISPUTED HEALTH CARE SERVICE

You may request an independent medical review ("IMR") of disputed health care services from the Department of Managed Health Care ("DMHC") if you believe that health care services have been improperly denied, modified, or delayed by the Plan. A "disputed health care service" is any health care service eligible for coverage and payment under the Agreement that has been denied, modified, or delayed by the Plan, in whole or in part because the service is not medically necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for an IMR. The Plan must provide you with an IMR application form with

any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against the Plan regarding the disputed health care service.

Eligibility: Your application for IMR will be reviewed by the DMHC to confirm that:

1. a. Your Provider has recommended a health care service as medically necessary, or
- b. You have received Urgent Care or Emergency Care that a Provider determined was medically necessary, or
- c. You have been seen by an In-Network Provider for the diagnosis or treatment of the medical condition for which you seek independent review;
2. The disputed health care service has been denied, modified, or delayed by the Plan, based in whole or in part on a decision that the health care service is not medically necessary; **and**
3. You have filed a grievance with the Plan and the disputed decision is upheld or the grievance remains unresolved after thirty (30) days. If your grievance requires expedited review you may bring it immediately to the DMHC's attention. The DMHC may waive the requirement that you follow the Plan's grievance procedure in extraordinary and compelling cases.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist who will make an independent determination of whether or not the case is medically necessary. You will receive a copy of the assessment made in your case. If the IMR determines the service is medically necessary, the Plan will provide the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within thirty (30) days of receipt of your application and supporting documents. For urgent cases involving imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three (3) business days.

For more information regarding the IMR process, or to request an application form, please contact the Plan's Member Services at (805) 981-5050 or (800) 600-8247.

INDEPENDENT MEDICAL REVIEW (EXPERIMENTAL/ INVESTIGATIONAL)

VCHCP provides eligible Members with the opportunity to seek an independent review (IMR) to examine the Plan's coverage decisions regarding experimental or investigational therapies. Only cases that meet all of the following criteria are eligible for IMR of the Plan's decision to deny provision of a health care service based on a finding that the requested health care service is experimental or investigational:

1. You have a life-threatening or seriously debilitating condition, as defined below;* and
2. Your Physician certifies that you have a condition for which standard therapies have not been effective in improving your condition, or for which standard therapies would not be medically appropriate for you, or for which there is no more beneficial standard therapy covered by VCHCP than the therapy proposed by your Physician; and
3. Either (a) your VCHCP Physician has recommended a drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, or (b) you, or your non-VCHCP Physician who is a licensed, board-certified or board-eligible Physician qualified to practice in the area of practice appropriate to treat your condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in California Health and Safety Code Section 1370.4(d), cited in his/her certification, is likely to be more beneficial for you than any available standard therapy. VCHCP is not responsible for the payment of services rendered by non-VCHCP Physicians that are not otherwise covered under your VCHCP benefits; and
4. VCHCP has denied coverage for a drug, device, procedure, or other therapy recommended or requested by your Physician; and
5. The specific drug, device, procedure, or other therapy recommended by your Physician would be a Covered Service, except for VCHCP's determination that the treatment is experimental or investigational.

VCHCP will notify eligible Members in writing of the opportunity to request an IMR, within five (5) business days of its decision to deny coverage for experimental or investigational therapy. An application packet will accompany the Plan's notice. To request an IMR, mail the completed application to the DMHC in the pre-addressed envelope. You may also forward documentation, by facsimile or overnight mail to:

Department of Managed Health Care
HMO Help Center, IMR Unit
980 Ninth Street, Suite 500
Sacramento, CA 95814

(888) HMO-2219, or fax (916) 229-4328; www.hmohelp.ca.gov

You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for an IMR. A decision not to participate in the IMR process

*** Life-threatening condition means either or both of the following: a) diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted or b) diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival. Seriously debilitating means diseases or conditions that cause irreversible morbidity.**

may cause you to forfeit any statutory right to pursue legal action against the Plan regarding the provision of denied health care services.

If the DMHC accepts your application for an IMR, the case will be submitted to an independent medical reviewer who shall base his or her determination on relevant medical and scientific evidence. For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within thirty (30) days of receipt of your application and supporting documents. If your physician determines that the proposed course of treatment or therapy would be significantly less effective if not promptly initiated, the analysis and recommendation of the IMR organization will be rendered within seven (7) days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three (3) days for a delay in providing the documents required.

If the IMR recommends providing the proposed treatment or therapy, the Plan will provide the health care service. Coverage for the required services will be provided subject to the terms and conditions generally applicable to other benefits under your membership in VCHCP.

You are not required to seek review of the denial through the Plan's grievance system prior to applying for an IMR of an experimental or investigational therapy. However, you may also appeal the denial to the Plan. A Member with a life-threatening or seriously debilitating condition who is denied experimental therapy has an additional procedure available through the Plan's grievance system. The Member may request a conference with VCHCP's Medical Director to review the denial and the basis for determining that the recommended or requested treatment is experimental. If you request a conference, the conference will be held within thirty (30) days of VCHCP's receipt of your request unless your treating Physician determines, in agreement with VCHCP's Medical Director, based on standard medical practice, that the effectiveness of the proposed treatment would be materially reduced if not provided at the earliest possible date.

MEDIATION

You and your Dependents may request that an unresolved disagreement, dispute or controversy concerning any issue(s) including the provision of medical services, arising between you, and your Dependents, your heirs-at-law, or your personal representative, and VCHCP, its employees, In-Network Providers, or agents undergo voluntary mediation.

If you seek voluntary mediation, you must send written notice to VCHCP's Administrator (Ventura County Health Care Plan, 2220 East Gonzales Road #210-B, Oxnard, CA 93036) containing a request for mediation and a statement describing the nature of the dispute, including the specific issue(s) involved, the cost of services involved, the remedy sought, and a declaration that you have previously attempted to resolve the dispute with VCHCP through the established grievance procedure. VCHCP will agree to such reasonable request for mediation, if such request precedes both any registration of the unresolved dispute with the Department of Managed Health Care ("DMHC") and any request for binding arbitration (both as described below). The use of mediation services shall not preclude the

right to submit a grievance or complaint to the DMHC (as described below) upon completion of mediation.

REVIEW BY THE DEPARTMENT OF MANAGED HEALTH CARE

After participating in the grievance procedure for at least thirty (30) days, or less if you believe there is an imminent and serious threat to your health, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, and the DMHC agrees there is such a threat to your health, or in any other case where the DMHC determines that an earlier review is warranted, you may register unresolved disputes for review and resolution by the DMHC. The following paragraph is displayed pursuant to Health and Safety Code Section 1368.02(b):

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **(805) 981-5050** or toll-free at **(800) 600-8247** and use your health plan's grievance procedure before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-HMO-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. The department's Internet Web site <http://www.hmohelp.ca.gov> has complaint forms, IMR application forms and instructions online.

If the Member is a minor, or is incompetent or incapacitated, the parent, guardian, conservator, relative, or other designee of the Member, as appropriate, may submit the grievance or complaint to the DMHC as the agent of the Member. Further, a provider may join with, or otherwise assist, a Member, or the agent, to submit the grievance or complaint to the DMHC. In addition, following submission of the grievance or complaint to the DMHC, the Member, or the agent, may authorize the provider to assist, including advocating on behalf of the Member. A grievance or complaint may be submitted to the DMHC for review and resolution prior to arbitration.

BINDING ARBITRATION

Mandatory arbitration is the final process for the resolution of any dispute that may arise. As a condition of enrolling with VCHCP, you are agreeing to have any issue or dispute concerning the provision of services under the Agreement, including any issue of medical malpractice, decided by a neutral, independent arbitrator and you are giving up your right to a jury or court trial. Arbitration shall be conducted according to the California Arbitration Act, Code of Civil Procedures, and 1280 et seq. This will apply to any controversy, as noted above, including and not limited to the Group,

Member, family members (whether minors or adults), the heirs-at-law or personal representatives of a Member or family member or network providers (including any of their agents, employees or providers). Each party shall bear its/his own arbitration costs and attorney's fees, with the parties equally sharing the fees of one arbitrator, unless to do such would cause extreme hardship to the Member, as determined by the arbitrator. In the event of a determination of extreme hardship to the Member, the arbitrator shall determine that portion of the arbitrator's fees and the arbitration costs that shall be paid by the Member. The balance of such arbitration costs and arbitrator's fees shall be paid VCHCP. THE DECISION OF THE ARBITRATOR SHALL BE FINAL AND BINDING.

If you seek arbitration, you must send written notice to VCHCP's Administrator containing a demand for arbitration and a statement describing the nature of the dispute, including the specific issue(s) involved, the cost of services involved, the remedy sought, and a declaration that you have previously attempted to resolve the dispute with VCHCP through the established Grievance Procedure.

BEHAVIORAL HEALTH SERVICES BINDING ARBITRATION AND VOLUNTARY MEDIATION

If the Member is dissatisfied with the appeal, the Member may submit or request that Life Strategies/OHBS submit the appeal to voluntary mediation and/or binding arbitration before Judicial Arbitration and Mediation Service ("JAMS"). Such voluntary mediation or binding arbitration will be limited to claims that are not subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Voluntary Mediation – In order to initiate mediation, the Member or agent acting on behalf of the Member shall submit a written request for voluntary mediation. If the parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with JAMS Mediation Rules and Procedures, unless otherwise agreed to by the parties. Expenses for mediation shall be borne equally by the parties. The Department of Managed Health Care shall have no administrative or enforcement responsibilities in connection with the voluntary mediation process.

Binding Arbitration – Any and all disputes of any kind whatsoever, including, but not limited to, claims for medical malpractice (that is, as to whether any medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) between Member (including any heirs, successors or assigns of Member) and Life Strategies/OHBS, except for claims subject to ERISA, shall be submitted to Binding Arbitration. Any such dispute will not be resolved by a lawsuit or resort to court process, except to the extent the Federal Arbitration Act provides for judicial review of arbitration proceedings. Member and Life Strategies/OHBS further agree that neither the Court nor any arbitrator shall have the power to delay arbitration of any dispute or to refuse to order any dispute to arbitration, under any provision of Section 1281 et seq. of the California Code of Civil Procedure (including but not limited to 1281.2(c)), or any successor or replacement provision thereto, of any comparable provision of any other state law. Member and Life

Strategies/OHBS further specifically agree that any disputes about the scope of any arbitration or about the arbitration or about the arbitrability of any dispute shall be determined by the arbitrator.

Member and Life Strategies/OHBS are giving up their constitutional rights to have any such dispute decided in a court of law before a jury and are instead accepting the use of Binding Arbitration by a single arbitrator in accordance with the Comprehensive Rules of JAMS in effect at the time of the arbitration, and administration of the arbitration shall be performed by JAMS or such other arbitration service as the parties may agree in writing. The parties will endeavor to mutually agree to the appointment of the arbitrator, but if such agreement cannot be reached within 30 days following the date demand for arbitration is made, the arbitrator appointment procedures in the Comprehensive Rules of JAMS will be utilized.

Arbitration hearings shall be held in Orange County, California or at such other location as the parties may agree in writing. Civil discovery may be taken in such arbitration as provided by California law and the Code of Civil Procedure. The arbitrator selected shall have the power to control the timing, scope and manner of the taking of discovery and shall further have the same powers to enforce the parties' respective duties concerning discovery as would a Superior Court of California including, but not limited to, the imposition of sanctions. The arbitrator shall have the power to grant all remedies provided by California law. The parties shall divide equally the expenses of JAMS and the arbitrator. In cases of extreme hardship and to prevent any such hardship or unconscionability, Life Strategies/OHBS may assume all or part of the Member's share of the fees and expenses of JAMS and the arbitrator, provided the Member submits a hardship application to JAMS and provided JAMS approves such application. The approval or denial of the hardship application will be determined solely by JAMS. The arbitrator shall prepare in writing an award that includes the legal and factual reasons for the decision.

The requirement of Binding Arbitration shall not preclude a party from seeking a temporary restraining order or preliminary injunction or other provisional remedies from a court with jurisdiction; however, any and all other claims or causes of action, including, but not limited to those seeking damages, restitution, or other monetary relief, shall be subject to Binding Arbitration as provided herein and any claim for permanent injunctive relief shall be stayed pending completion of the arbitration. The Federal Arbitration Act, 9 U.S.C.

Sections 1-16, shall also apply to the arbitration.

DEFINITIONS

The following terms are used in this document. These definitions will help you understand the Covered Services VCHCP will provide.

“Agreement” means the Group Benefit Agreement between Ventura County Health Care Plan and the Group, which details the terms and conditions for eligibility and enrollment, and the rights and responsibilities of the Members and VCHCP.

“Ancillary Services” means those Covered Services necessary to the diagnosis and treatment of Members, including but not limited to, ambulance, ambulatory or day surgery, durable medical equipment, imaging services, laboratory, pharmacy, mental health, physical or occupational therapy, Urgently Needed or Emergency Care, and other Covered Services customarily deemed ancillary to the care furnished by Primary Care Physicians or Specialist Physicians and provided to Members upon Referral.

“Appeal” means a process available to the patient, their family member, treating provider or authorized representative to request reconsideration of a previous adverse determination.

“Authorization” or **“Authorized”** means a utilization review determination made by or on behalf of VCHCP’s Medical Director that specifies non-Emergency admission or Referral Covered Services to be provided, or Emergency Care that was provided to a Member, including the extent and duration to which such Covered Services, are or were Medically Necessary, and meets or met the other standards and criteria for Authorization established by VCHCP. The standards and criteria shall be consistent with professionally recognized standards of care prevailing in the community at the time of request for Authorization.

“Autism” See definition for Pervasive Developmental Disorders (PDD).

“Behavioral Health Treatment (“BHT”) means professional services and treatment programs, including applied behavior analysis and evidence-based behavior intervention programs that develop or restore, to the maximum extent practicable, the functioning of an individual with pervasive developmental disorder or autism, and that meet all of the following criteria:

- The treatment is prescribed by a licensed participating physician and surgeon of the California Business and Professions Code or developed by a licensed Participating psychologist.
- The treatment is provided under a treatment plan prescribed by a Participating Qualified Autism Service Provider and is administered by one of the following:
 - A Participating Qualified Autism Service Provider.
 - A Participating Qualified Autism Service Professional supervised and employed by the Participating Qualified Autism Service Provider.
 - A Participating Qualified Autism Service Paraprofessional supervised and employed by a Participating Qualified Autism Service Provider.
- The treatment plan has measurable goals over a specific timeline that is developed and approved by the Participating Qualified Autism Service Provider for the specific Member being treated. The treatment plan shall be reviewed no less than once every six months by the

Participating Qualified Autism Service Provider and modified whenever appropriate, and shall be consistent with Section 4686.2 of the California Welfare and Institutions Code pursuant to which the Participating Qualified Autism Service Provider does all of the following:

- Describes the Member’s behavioral health impairments or developmental challenges that are to be treated.
- Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the plan's goal and objectives, and the frequency at which the Member’s progress is evaluated and reported.
- Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating pervasive developmental disorder or autism.
- Discontinues intensive behavioral intervention services when the treatment goals and objectives are achieved or no longer appropriate. The treatment plan is not used for purposes of providing or for the reimbursement of respite, day care, or educational services and is not used to reimburse a parent for participating in the treatment program. The treatment plan shall be made available to us upon request.

“Behavioral Health Treatment Plan” A written clinical presentation of the Life Strategies/OHBS Participating Provider’s diagnostic impressions and therapeutic intervention plans. The Behavioral Health Treatment Plan is submitted routinely to Life Strategies/OHBS for review as part of the concurrent review monitoring process.

“Behavioral Health Treatment Program” A structured treatment program aimed at the treatment and alleviation of Substance and Related Addictive Disorders and/or Mental Disorders.

“Combined Evidence of Coverage and Disclosure Form” means the document issued to Subscribers which describes in summary the Coverage to which Members are entitled.

“Consultation” means the rendering of an opinion or advice, prescribing treatment, or the rendering of a decision regarding hospitalization or transfer by telephone or other means of communication. When determined to be Medically Necessary. This includes review of the patient’s medical record, examination, and treatment of the patient in person by a consulting provider who is qualified to give an opinion or render the necessary treatment in order to stabilize the patient.

“Copayment” means any fee charged by a Provider to a Member which is approved by the Director of the Department of Managed Health Care, provided for in an Agreement or VCHCP’s Contract with an Individual Subscriber and disclosed in the applicable Combined Evidence of Coverage and Disclosure Form.

“Coverage” or “Covered Service” means those Medically Necessary health care services and supplies which a Member is eligible to receive from VCHCP upon enrollment in the Plan.

“Custodial Care” means domiciliary care, or rest cures, for which facilities and/or services of a general acute care hospital are not medically required. Custodial Care is care that does not

require the regular services of trained medical or health professionals and that is designed primarily to assist in activities of daily living. Custodial Care includes, but is not limited to, help in walking, getting in and out of bed, bathing, dressing, preparation and feeding of special diets, and supervision of medications which are ordinarily self-administered. Custodial Care is not a Covered Service except when provided as part of Hospice Care.

“Day Treatment Center” means a Participating Facility which provides a specific Behavioral Health Treatment Program on a full or part-day basis pursuant to a written Behavioral Health Treatment Plan approved and monitored by a Life Strategies/OHBS Participating Practitioner and which is also licensed, certified, or approved to provide such services by the appropriate state agency.

“Dependent” means a person who is enrolled with VCHCP on the basis of that individual’s family relationship with a Subscriber, in accordance with the provisions of the Agreement and this Combined Evidence of Coverage and Disclosure Form.

“Developmental Delay” means a delayed attainment of age appropriate milestones in the areas of speech-language, motor, cognitive, and social development.

“Diagnosis and Statistical Manual (DSM)” means the diagnostic and Statistical Manual of Mental Disorders, which is published by the American Psychiatric Association and which contains the criteria for diagnosis of Mental Disorders and Substance and Related Addictive Disorders.

“Eligible Employee” means either of the following: (1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer’s regular places of business, who has met any statutorily authorized applicable waiting period requirements. The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer’s business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee, as defined in this paragraph, who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association shall be deemed to be eligible employees if they would otherwise meet the definition except for the number of persons employed by the employer. Permanent employees who work at least 20 hours but not more than 29 hours are deemed to be eligible employees if all four of the following apply:

- (A) They otherwise meet the definition of an eligible employee except for the number of hours worked.
- (B) The employer offers the employees health coverage under a health benefit plan.
- (C) All similarly situated individuals are offered coverage under the health plan.
- (D) The employee must have worked at least 20 hours per normal workweek for at least 50 percent of the weeks in the previous calendar quarter. The health care service plan may

request any necessary information to document the hours and time period in question, including, but not limited to, payroll records and employee wage and tax filings.

“Employee” means a person employed by the County of Ventura or its clinics.

“Enrollee” means an individual who is enrolled and eligible for coverage under a health plan contract. Also called a “Member”.

“Habilitative Services” means health care services and devices that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient or outpatient settings, or both. Habilitative services shall be covered under the same terms and conditions applied to rehabilitative services under the plan contract. .

“Health Benefit Plan” means a health care service plan contract that provides medical, hospital, and surgical benefits. The term does not include coverage of Medicare services pursuant to contracts with the United States Government, Medicare supplement coverage, or coverage under a specialized health care service plan contract

“Health Benefits” means health care items or services for the diagnosis, cure, mitigation, treatment, or prevention of illness, disease, or a health condition, including mental/behavioral health condition. It does not mean any cost-sharing requirement such as copayments, coinsurance, or deductibles.

“Health Care Team” means licensed nurse practitioners, certified physician assistants, certified non-physician-surgical assistants, physicians in residency training programs and nurses who work with and are supervised by Primary Care Physicians. This also includes Behavioral Health Therapy administered by a Qualified Autism Service (QAS) provider, a QAS professional, or a QAS paraprofessional.

“Inpatient Treatment Center” An acute care Participating Facility which provides Behavioral Health Services in an acute, inpatient setting, pursuant to a written Behavioral Health Treatment Plan approved and monitored by a Life Strategies/OHBS Participating Practitioner, and which also:

- provides 24-hour nursing and medical supervision; and
- is licensed, certified, or approved as such by the appropriate state agency.

“Life Strategies/OHBS Clinician” means a person licensed as a psychiatrist, psychologist, clinical social worker, marriage and family therapist, nurse, or other health care professional licensed, certified or otherwise authorized under California law with appropriate training and experience in Behavioral Health Services, who is employed or under contract with Life Strategies/OHBS related to managing Covered Behavioral Health Services.

“Life Strategies/OHBS Participating Practitioner” A psychiatrist, psychologist, or other allied behavioral health care professional who is qualified and duly licensed, certified, or otherwise authorized to practice his or her profession under the laws of the State of California and who has

entered into a written agreement with Life Strategies/OHBS to provide Behavioral Health Services to Members.

“Limitation” means any provision of this Combined Evidence of Coverage and Disclosure Form which restricts Coverage other than an Exclusion.

“Medical Detoxification” means the medical treatment of withdrawal from alcohol, drug or other substance addiction is covered. In most cases of alcohol, drug or other substance abuse or toxicity, outpatient treatment is appropriate unless another medical condition requires treatment at an Inpatient Treatment Center.

“Medically Necessary” means services or supplies which are determined by VCHCP to be (a) provided for the diagnosis or care and treatment of a medical condition; (b) appropriate and necessary for the symptoms, diagnosis or treatment of a medical condition, considering potential benefits and harm to the Member; (c) consistent with professionally recognized standards of care prevailing in the community at the time; and (d) not primarily for the convenience of a Member, his or her family, Physician, or other Provider.

“Member” means any person who is a Subscriber or Dependent as determined by VCHCP in accordance with the applicable eligibility requirements. Also, see “Enrollee”.

“Mental Disorder” is a mental condition diagnosed by a licensed Practitioner according to the criteria in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Text Revision (DSM) resulting in the impairment of a Member’s mental, emotional, or behavioral functioning. Mental Disorders include but are not limited to the Severe Mental Illness of a person of any age and the Serious Emotional Disturbance of a Child as identified in the most recent edition of the DSM.

“Out-of-Network Provider” means any health care provider that does not belong to the VCHCP provider network.

“Out-of-Pocket” means copayments, deductibles or fees paid by members for health services or prescriptions.

“Out-of-Pocket Maximum” means the most a plan member will pay per year for covered health expenses before the plan pays 100% of covered health expenses for the rest of that year.

“Outpatient Care” means any health care service provided to a patient who is not admitted to a facility. Outpatient care may be provided in a doctor’s office, clinic, the patient’s home or hospital outpatient department.

“Outpatient Treatment Center” means a licensed or certified Participating Facility which provides a Behavioral Health Treatment Program in an outpatient setting.

“Participating Qualified Autism Service Provider” means either of the following:

- A person, entity, or group that is certified by a national entity, such as the Behavior Analyst Certification Board, that is accredited by the National Commission for Certifying Agencies,

and who designs, supervises, or provides treatment for pervasive developmental disorder or autism, provided the services are within the experience and competence of the person, entity, or group that is nationally certified.

- A person licensed as a physician and surgeon, physical therapist, occupational therapist, psychologist, marriage and family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech- language pathologist, or audiologist pursuant to Division 2 (commencing with Section 500) of the California Business and Professions Code, or as authorized under California law, who designs, supervises, or provides treatment for pervasive developmental disorder or autism, provided the services are within the experience and competence of the licensee.

“Participating Qualified Autism Service Professional” means an individual who meets all of the following criteria:

- Provides Behavioral Health Treatment.
- Is employed and supervised by a Participating Qualified Autism Service Provider.
- Provides treatment pursuant to a treatment plan developed and approved by the Participating Qualified Autism Service Provider.
- Is a behavioral service provider approved as a vendor by a California regional center to provide services as an associate behavior analyst, behavior analyst, behavior management assistant, behavior management consultant, or behavior management program as defined in Section 54342 of Title 17 of the California Code of Regulations.
- Has training and experience in providing services for pervasive developmental disorder or autism pursuant to Division 4.5 (commencing with Section 4500) of the California Welfare and Institutions Code or Title 14 (commencing with Section 95000) of the California Government Code or is otherwise authorized under California law.

“Participating Qualified Autism Service Paraprofessional” means an unlicensed and uncertified individual who as authorized under California law meets all of the following criteria:

- Is employed and supervised by a Participating Qualified Autism Service Provider.
- Provides treatment and implements services pursuant to a treatment plan developed and approved by the Participating Qualified Autism Service Provider.
- Meets the criteria set forth in the regulations adopted pursuant to Section 4686.3 of the California Welfare and Institutions Code. Has adequate education, training, and experience, as certified by a Participating Qualified Autism Service Provider.

“Pervasive Developmental Disorder” also called “PDD”, refers to a group of conditions that are chronic life-long conditions with no known cure. These conditions, including Autism, involve delays in the development of many basic skills, most notably the ability to socialize with others, to communicate, and to use imagination. Children with these conditions often are confused in

their thinking and generally have problems understanding the world around them. Because these conditions typically are identified in children around 3 years of age - a critical period in a child's development - they are called development disorders. In addition to Autism, other conditions included in this category are Rett syndrome, childhood disintegrative disorder and Asperger's syndrome. *Source: Web MD.*

“Physician” means a person duly licensed and qualified to practice medicine or osteopathy in the State of California.

“Plan or Benefit Year” means the twelve (12) month period commencing January 1st of each year at 12:00 a.m. and ending the same year at December 31st at 11:59 p.m. Group may set an alternate Plan Year with start and end dates encompassing one (1) year or less in duration.

“Post-Stabilization Care” means care given when your medical problem no longer requires Urgent or Emergent Care Services and your condition is stable.

“Premium” means amounts which must be paid to VCHCP each bi-week, quarter or month for or on behalf of each Subscriber and Dependent.

“Provider” means a Physician, nurse, pharmacist, psychologist, and other health care professional, pharmacy, hospital or other health care facility or entity, including, a provider of ancillary services, and a medical group engaged in the delivery of health care services. To the extent required, a Provider shall be licensed and/or certified according to Federal and/or State law.

“Provider Network” means a panel of providers contracted by VCHCP to deliver medical services to the Members.

“Qualified Beneficiary” means an individual who, on the day before the qualifying event, is a member in a group benefit plan offered by a health care service plan and has a qualifying event.

“Qualifying Event” means any of the following events that, but for the election of continuation coverage under this article, would result in a loss of coverage under the group benefit plan to a qualified beneficiary:

- The death of a covered employee
- The termination or reduction in a covered employee's hours of employment except for termination due to gross misconduct
- The divorce or legal separation of the covered employee from the covered employee's spouse
- The loss of the dependent status by a dependent enrolled in the group benefit plan
- With respect to the covered dependent only, the covered employee's entitlement to benefits under Title XVIII of the United States Social Security Act (Medicare).

“Reside/Residence” means living within the service area at least 185 days each calendar year. VCHCP reserves the right to request and obtain verification and compliance from the member and all dependents.

“Residential Treatment Center” means a residential facility that provides services in connection with the diagnosis and treatment of behavioral health conditions including but not limited to Mental Disorders and Substance and Related Addictive Disorders and which is licensed, certified, or approved as such by the appropriate state agency.

“Serious Emotional Disturbances (SED) of a Child under Age 18” means a Serious Emotional Disturbance of a Child is defined as a condition of a child who:

- 1) Has one or more Mental Disorders as defined by the most recent edition of the Diagnostic and Statistical Manual (DSM), other than a primary substance use disorder or developmental disorder, that results in behavior inappropriate to the child’s age according to expected developmental norms; and
- 2) Is under the age of eighteen (18) years old.
- 3) Furthermore, the child must meet one or more of the following criteria:
 - a. As a result of the Mental Disorder, the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and either of the following occur:
 - (i) the child is at risk of removal from home or has already been removed from the home;
 - (ii) the Mental Disorder and impairments have been present for more than six months or are likely to continue for more than one year without treatment; or
 - b. The child displays one of the following: psychotic features, risk of suicide or risk of violence due to a Mental Disorder; or
 - c. The child meets special education eligibility requirements under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the California Government Code.

“Service Area” means the geographical area in which the Plan’s network of health care providers provides Covered Services to Members. Ventura County is the geographical area that has been approved by the California Department of Managed Health Care.

“Severe Mental Illness (SMI)” Severe Mental Illness includes the diagnosis and treatment of the following conditions:

- Anorexia Nervosa
- Bipolar Disorder (manic-depressive illness)
- Bulimia Nervosa
- Major Depressive Disorders
- Obsessive-Compulsive Disorder
- Panic Disorder

- Pervasive Developmental Disorder and Autism
- Schizoaffective Disorder
- Schizophrenia

“Small Group” means an employer that employs at least one but no more than 100 employees in a given calendar year.

“Specialist” or “Specialist Physician” means any licensed, board certified, board eligible or specially trained Physician who practices a specialty and who has entered, or is a party to, a written contract with VCHCP to deliver Covered Services to Members upon Referral, as Authorized by VCHCP’s Medical Director, or his designee.

“Subscriber” means the person responsible for payment to VCHCP, or whose employment or other status, except for family dependency, is the basis for eligibility for membership in VCHCP.

“Substance and Related Addictive Disorder” means an addictive relationship between a Member and any drug, alcohol or chemical substance. Substance and Related Addictive Disorder does not include addiction to or dependency on tobacco in any form.

“Substance and Related Addictive Disorder Inpatient Treatment Program” means a structured medical and behavioral inpatient program aimed at the treatment and alleviation of Substance and Related Addictive Disorder.

“Substance and Related Addictive Disorder Services” means medically Necessary services provided for the diagnosis and treatment of Substance and Related Addictive Disorders.

“Telemedicine Services” means the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and education using interactive audio, video or data communications. Interactive means real time or near real time two-way transfer of medical data and information. Telemedicine does not include a telephone conversation, nor does it include an electronic mail message.

“Urgent Care” means prompt medical services are provided in a non-emergency situation. Examples of urgent care conditions include sore throats, ear infections, sprains, high fevers, vomiting and urinary tract infections. Urgent situations are not considered to be Emergency Medical Conditions.

“Urgently Needed Care” means any otherwise Covered Service necessary to prevent serious deterioration of the health of a Member, resulting from an unforeseen illness, injury, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed until the Member is able to see his or her PCP. This includes maternity services necessary to prevent serious deterioration of the health of the Member or the Member’s fetus, based on the enrollee’s reasonable belief that she has a pregnancy-related condition for which treatment cannot be delayed until the enrollee is able to see her Provider.
