

VCHCP's Genetic Laboratories

Before referring your patients to an ancillary provider, or sending out a lab specimen, please make sure that the provider/facility is within the VCHCP network. Out of network claims will be denied unless previously authorized by the Plan.

As a reminder, all genetic lab tests require a prior authorization. When submitting a Treatment Authorization Request (TAR) to our **UM Department Fax 805-658-4556** for review, please refer to one of the following contracted labs:

Esoterix (Genetics) Laboratory Services

Test Menu Available: <https://specialtytesting.labcorp.com/test-menu/search>
800-444-9111 (P)
